

## GRANT OF PLANNING PERMISSION

TOWN AND COUNTRY PLANNING ACT 1990

APPLICATION NO. 2010/1240

**To** Chris Carr Associates  
6A Eastgate  
Barnsley  
S70 2EP

**DESCRIPTION** Erection of a biomass boiler house.

**LOCATION** Mill Barn, New Hall Farm, Doncaster Road, Ardsley, Barnsley, S71 5EZ

Permission is granted for the proposals which were the subject of the Application and Plans registered by the Council on 12 October 2010 and described above.

The approval is subject on compliance with the following conditions:

- 1 The development hereby permitted shall be begun before the expiration of 3 years from the date of this permission.  
**Reason: In order to comply with the provision of Section 91 of the Town and Country Planning Act 1990.**
- 2 The development hereby approved shall be carried out strictly in accordance with the plans and specifications as approved (Dwg Ref. 18.51 Dwg No. WD7 Rev. B) unless prior written consent has been given by the Local Planning Authority to any variation.  
**Reason: In the interests of the visual amenities of the locality and in accordance with Barnsley UDP Policies GS8e, Replacement, Alteration and Extensions to Dwellings within the Green Belt and GS9, Visual Amenity.**
- 3 A tree planting scheme for the area of land to the north, north west and north east of the boiler house shall be submitted to and approved in writing by the Local Planning Authority prior to the use of the building. All tree planting shall be carried out in the first planting season following the completion of the development.  
**Reason: In the interests of the visual amenities of the locality and in accordance with Barnsley UDP Policy GS9, Visual Amenity.**

The grant of this consent does not constitute or imply permission, approval or consent by the Local Authority for any other purpose.

Signed   
Assistant Director, Planning and Transportation

Dated 30 November 2010

## Reason(s) for Granting Permission

- 1 Unique The proposal complies with Barnsley UDP Policy GS9, Visual Amenity in that the structure is modest in scale and would be constructed with high quality materials and as a consequence would not affect the openness of the Green Belt. In addition the new building would be located a sufficient distance from the adjoining dwellings so as to not adversely affect the amenities of their occupiers in accordance with Barnsley UDP Policy GS8e, Replacement, Alteration and Extensions to Dwellings within the Green Belt.

## Informative(s)

- 1 The proposed development lies within a coal mining area. In the circumstances Applicants should take account of any coal mining related hazards to stability in their proposals. Developers must also seek permission from the Authority before undertaking any operations that involves entry into any coal or mines of coal, including coal mine shafts and the implementation of site investigations or other works. Property specific summary information on any past, current or proposed surface and underground coal mining activity to affect the development can be obtained from the Coal Authority. The Coal Authority Mining Reports Service can be contacted on 0845 762 6848 or at [www.coal.gov.uk](http://www.coal.gov.uk).
- 2 The granting of planning permission does not in any way infer that consent of the landowner is given. Therefore the consent of all relevant landowners is required before proceeding with any development including that of the Council as landowner.

If it should transpire that the applicant does not own any of the land included in this consent then it is the responsibility of the applicant to seek all necessary consents and approvals of the landowner.

## **NOTES:-**

### **Appeals to the Secretary of State**

If you are aggrieved by the decision of the Council to grant permission for the proposed development subject to conditions then you can appeal to the Secretary of State for the Environment, Transport and Regions under Section 78 of the Town and Country Planning Act. If you want to appeal, then you must do so within six months of the date of this notice, using a form which you can get from The Planning Inspectorate, Room 3/24 Hawk Wing, Temple Quay House, 2 The Square, Temple Quay, Bristol, BS1 6PN.

The Secretary of State can allow a longer period for giving notice of an appeal, but he will not normally be prepared to use this power unless there are special circumstances which excuse the delay in giving notice of appeal. The Secretary of State need not consider an appeal if it seems to him that the Local Planning Authority could not have granted planning permission for the proposed development or could not have granted it without the conditions it imposed, having regard to the statutory requirements, to the provisions of the development order and to any directions giving under the order. In practice, the Secretary of State does not refuse to consider appeals solely because the Local Planning Authority based its decision on a direction given by him.

### **Purchase Notices**

If either the Local Planning Authority or the Secretary of State for the Environment, Transport and Regions refuses permission to develop land or grants it subject to conditions, the owner may claim that he can neither put the land to a reasonably beneficial use in its existing state nor can he render the land capable of a reasonably beneficial use by the carrying out of any development which has been or would be permitted. In these circumstances, the owner may serve a purchase notice on the Council in whose area the land is situated. This notice will require the Council to purchase his interest in the land in accordance with the provisions of part VI of the Town and Country Planning Act 1990.

### **Compensation**

In certain circumstances compensation may be claimed from the Local Planning Authority if permission is refused or granted subject to conditions by the Secretary of State on appeal or on reference to the application to him. These circumstances are set out in Sections 114 and related provisions of the Town and Country Planning Act 1990.
