## Condition(s) - Variation/Removal

Please state why you wish the condition(s) to be removed or changed

The condition of the existing external wall is poor and the structure is considered to be unsafe.  
We have consulted the Conservation Officer (Mr Tony Wiles) informally regarding the methodology for taking down and replacing the outer skin of this wall.  
Mr Wiles has advised that we should submit an application to vary condition 2 of the extant planning permission to formally record the reasons for the alterations to the previously approved scheme being required.

If you wish the existing condition to be changed, please state how you wish the condition to be varied

We wish to substitute the previously approved floor plan and elevation drawing references:

C1096 110 (Proposed Ground Floor Plan)

C1096 201 & 202 (Proposed Elevations)

I understand this may be justified and I would welcome the removal of the buttresses (which are clearly there for a reason due to the failing wall). I welcome the plan to retain the inner brick skin and that this essentially amounts to an external re-skinning in stone. I'd ask this be done with as much original and salvaged stone as it possible and the coursing detail and pointing must match the existing bed depths and pointing with regards to condition 12 and 13 on the approved planning permission and listed building consent. I do however think we need to ensure we have a record of this to cover the works that includes a reasonable explanation of why it is necessary and updated plans. To that end, I would suggest you submit a variation of condition to vary the approved plans for the planning permission and LBC under ref's 2022/0744 and 2022/0848 – Conditions 2 on both approval's.
