Details of conditions 3 (Archaeological Written Scheme of Investigation) of planning permission 2021/1448 - Installation of 3 no. polytunnels for a temporary period of 5 years within the walled garden area

LOCATION: Wentworth Castle and Stainborough Park Heritage, Wentworth Castle Gardens, Lowe Lane, Stainborough, Barnsley, S75 3ES

I refer to the application to discharge condition **3 (Archaeological Written Scheme of Investigation)** of the above referenced planning permission which was required at planning application stage by The South Yorkshire Archaeology Service.

I refer to the supporting documentation submitted to support your application entitled Written Scheme of Investigation for a Programme of Archaeological Recording (watching brief) dated May 22 by Onsite Archaeology Ltd.

Condition 3 states:

Part A (pre-commencement) No development, including any demolition and groundworks, shall take place until the applicant, or their agent or successor in title, has submitted a Written Scheme of Investigation (WSI) that sets out a strategy for archaeological investigation and this has been approved in writing by the Local Planning Authority. The WSI shall include: 1The programme and method of site investigation and recording. 2The requirement to seek preservation in situ of identified features of importance. 4The programme for post-investigation assessment. 5The provision to be made for analysis and reporting. 6The provision to be made for publication and dissemination of the results. 8The provision to be made for deposition of the archive created. 9Nomination of a competent person/persons or organisation to undertake the works. 10The timetable for completion of all site investigation and post-investigation works.

Part B (pre-occupation/use) Thereafter the development shall only take place in accordance with the approved WSI and the development shall not be brought into use until the Local Planning Authority has confirmed in writing that the requirements of the WSI have been fulfilled or alternative timescales agreed.

The South Yorkshire Archaeology Service have assessed the document and confirmed that the document is satisfactory for Part A of the condition.

Part B remains outstanding and can only be discharged when evidence has been provided to the LPA that all the requirements of the WSI have been fulfilled and the LPA have confirmed this in writing.

I am happy to confirm therefore that **part A only of condition 3 can be discharged.**

Yours sincerely

Elaine Ward
