DESIGN & ACCESS STATEMENT

Proposed extension to form dark room Unit 7, Lavender International, Sheffield Road, Penistone

The extension is to provide a facility for the Non Destructive Testing Training School which is a long established business.

The building will be sited at the rear of the premises and is to be constructed in the same manner as the existing single storey unit. There will be no external openings in the new walls.

Access

The access is via an internal door from the building.

Main access to the site is unaffected.
