CAVALIER™

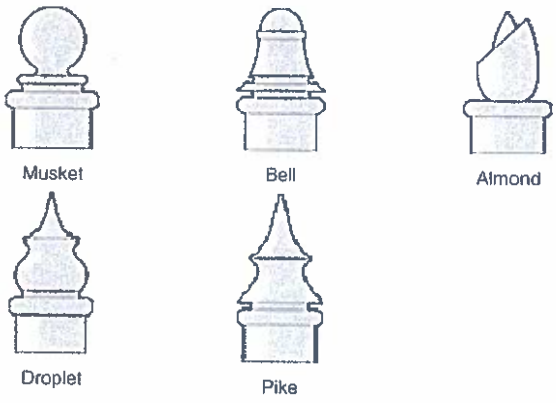

The Cavalier™ is a traditional heritage-style sign display unit that beautifully complements its surroundings. Constructed from stainless steel or aluminium this high quality unit combines attractiveness with robustness.

Contact an advisor now to learn more about the Cavalier™

You can choose from the following cast aluminium finial designs to ornament this column-mounted system. Alternatively we are able to custom-build finials to your own specifications, including crests and emblems.

To further customise your display optional extras include header and footer boards, available in cast aluminium or as colour display graphics, and side mounted locking notice boards.
