NGS REF No: Roy_pcp006

Dear Sir/Madame

Re: PRIOR NOTICE OF INTENTION TO INSTALL ELECTRONIC COMMUNICATIONS APPARATUS PURSUANT TO THE ELECTRONIC COMMUNICATIONS CODE (CONDITIONS AND REGULATIONS) 2003.

Prior notification of Proposed Development by Telecommunications Code System Operator application is enclosed with specific location description and dimensions.

As part of the BT Openreach on-going proposal to expand broadband accessibility along with the UK central governments [Digital Britain Policy] it is our intention to propose the installation of one high speed broadband cabinet .

Due to the size of the installation no formal planning application is required and there is no right to refusal on this basis. This communication along with the enclosed application form and fee, formally notifies the local Planning Authority in writing, 56 days in advance of our intention to install the equipment.

We have in the first instance compared this proposal and location against your web based conservation areas including any specific details relating to active article 4 directions. With this being a web based search, it cannot be relied on totally. Therefore may I request your assistance and ask that your conservation officers responsible for this particular geographical area, to check this submission.

Location :

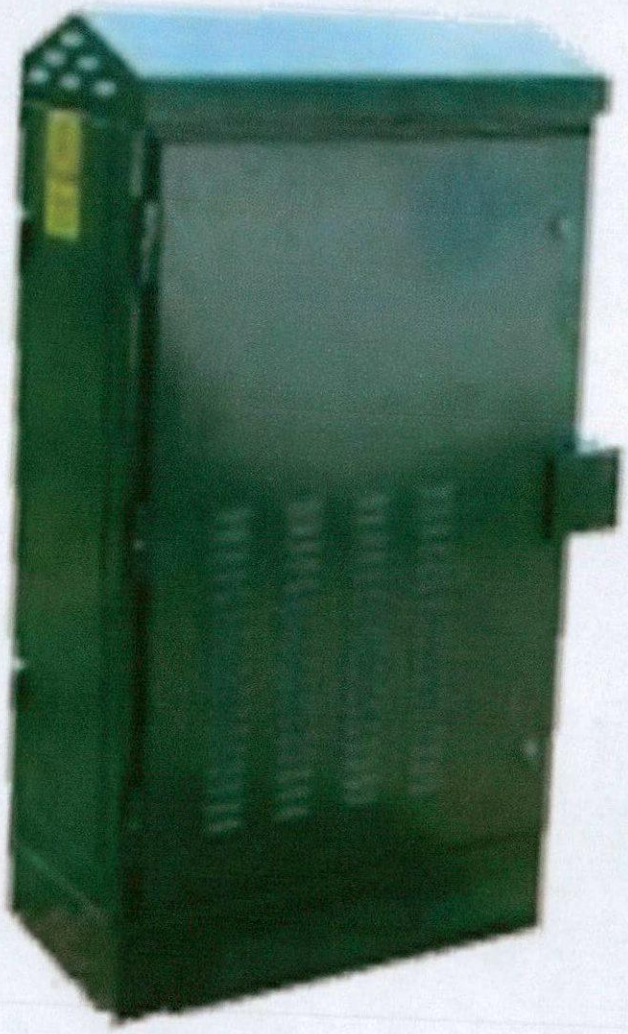

Street no. of nearest property		SO 1 Far Lawns
