

PLANNING CONSULTATION RESPONSE

Application No	2026/0689
Proposal	Installation of external ATM to shopfront
Address	75 Huddersfield Road, Barnsley, S75 1AA
Date of Consultation Reply	17 th September 2026
Consultee	Highways DC

Consultation Assessment and Justification

The proposed location of the ATM is within the extended shopfront of a convenience store that sits within a small established group of retail units on Huddersfield Road, less than 1 mile to the north west of Barnsley town centre.

Whilst these units have a small number of frontage parking spaces served from an extended dropped kerb vehicular crossing, there are extensive on-street parking laybys along both sides of Huddersfield Road.

With regard to the proposed ATM, it is likely that a significant number of users of the machine would be convenience store customers and would use the machine as part of a trip to this store or one of the adjacent retail units. Although a number of trips would inevitably be specifically to visit the ATM, given the frequency and number of trips already generated by the retail units and the ample on-street parking provision, any impact upon the highway is considered to be negligible; the proposals are therefore acceptable from a highways development control perspective.

NO OBJECTION

Consultation Suggested Conditions:

No specific highways related conditions are deemed necessary.

Consultation Informative(s):

No specific highways related informative notes are deemed necessary.
