

Prior Approval of Proposed Change of Use of Agricultural Building to a Dwellinghouse (Use Class C3), and for Associated Operational Development*

Town and Country Planning Act 1990

Town and Country Planning (General Permitted Development) Order 1995 (as amended)

*Development is not permitted where the proposed change of use would result in more than 3 dwellinghouses that have a cumulative floor space of more than 450 square metres being created within an "established agricultural unit" (which means agricultural land occupied as a unit for the purposes of agriculture on or before 20 March 2013, or for ten years before the date the proposed development will begin). Development is not permitted where the building is listed, the site is or contains a scheduled monument, is located on Article 1(5) land, or in a site of special scientific interest, a safety hazard area or a military explosives storage area.

4. Description of proposal

If the building was not in use immediately before 20th March 2013, what date was it last in use? (DD/MM/YY)

What was the use of the building immediately before 20th March 2013 or the last use before that date?

If the building was brought into use after the 20th March 2013, what date was it brought into use? (DD/MM/YY)

Please provide details of its use since it was brought into use:

Is the site currently occupied under an agricultural tenancy agreement? Yes ☐ No ☒

If yes, I/we confirm that both parties to that agreement have consented to the change of use: ☐

Please attach written confirmation from the landlord and tenant confirming they both agree to the change of use.

Has an agricultural tenancy agreement been terminated in the year before development is proposed to begin for the purpose of carrying out the change of use? Yes ☐ No ☒

If yes, I/we confirm that both parties have agreed that the site is no longer required for agricultural use: ☐

Please attach written confirmation from the landlord and tenant confirming they both agree that the site is no longer required for agricultural use.

What is the total number of proposed dwellinghouses that will be developed within the established agricultural unit (including the number of dwellinghouses already developed under Class MB of Part 3 of Schedule 2 to the Town and Country Planning (General Permitted Development Order) 1995, as amended by SI 2014/564)?

Please specify (including any floor space that has already changed use to a dwellinghouse under Class MB of Part 3 of Schedule 2 to the Town and Country Planning (General Permitted Development Order) 1995, as amended by SI 2014/564):

The cumulative floor area of building which is proposed to change use:

The cumulative area of land within its curtilage which is proposed to change use:

4. Description of proposal (Continued)

Please describe the proposed development, including relevant information on the siting and location of the building:

Proposal is for change of use from a disused cattle barn and enclosure to upto 5 residential properties. 3no 465 sqm max & 2no 100sqm max.

Car parking to be within car park area associated with Lower Eastfield Farm

Internal Courtyard and enclosed land adjacent to buildings to form amenity space for residents

Please give any relevant information on transport and highways, noise, contamination and flooding risks on site. A flood risk assessment should be provided with the application in Flood Zones 2 and 3, and in Flood Zone 1 where an area which has critical drainage problems has been notified to the Local Planning Authority by the Environment Agency:

Access is via an existing entrance on Easftield Lane

The site is not located in a flood zone. Please see attached maps.

The site is in close proximity to existing drainage. It is intended to use this as a means to remove waste water withing the site.

The site is set well back from a main road, within an existing courtyard as such noise contamination will not be an issue from the buildings themselves. The surrounding farm is primarily livestock based and as such does not generate much noise contamination from large machinery and other associated operations.

The buildings were previously livestock housing and as such will not be subject to issues relating to contamination. No machinery or harmful chemicals have been stored in these buildings.

Please give a description of any exterior alterations which are proposed to the building including information of any intended partial demolition reasonably necessary to carry out these works, work involving the installation or replacement of windows, doors, roofs, exterior walls and work involving the installation or replacement of water, drainage, electricity, gas or other services.

It is not proposed to form any new openings within the stone building fabric. Although some existing infilled openings may be re-opened subject to final design proposals.

Some breeze block walls may require rebuilding in stone to maintain appearance. steel frame buildings would require stone wall infilling

All new windows/doors will be in hardwood timber with a paint/stain finish. Colour schemes will be from a heritage range of colours.

Any replacement of roofs/wall materials will be in materials to match the existing, i.e. stone roof tiles & stone walling.
