

GRANT OF PLANNING PERMISSION

TOWN AND COUNTRY PLANNING ACT 1990

APPLICATION NO. 2009/0242

To Chris Carr Associates
6A Eastgate
Barnsley
S70 2EP

DESCRIPTION Demolition of existing cottages (No's 16, 18, 20) and redundant outbuildings, retention of existing dwellings (No's 10, 11/12). Conversion of stone barn to form 2 dwellings. Erection of 2 new dwellings, formation of access and associated landscaping.

LOCATION Hilltop Farm, Redbrook Road, Barnsley, S75 2RE

Permission is granted for the proposals which were the subject of the Application and Plans registered by the Council on 24 February 2009 and described above.

The approval is subject on compliance with the following conditions:

- 1 The development hereby permitted shall be begun before the expiration of 3 years from the date of this permission.
Reason: In order to comply with the provision of Section 91 of the Town and Country Planning Act 1990.
- 2 The development hereby approved shall be carried out in strict accordance with the amended plans and specifications received on 9th April 2009 (Drawing No. 20.62 P1 REV C, P2 REV A, P3 REV A), unless prior written consent has been given by the Local Planning Authority to any minor variation.
Reason: For the avoidance of doubt as amendments have been submitted during the course of processing the application and in accordance with UDP Policy BE6, Design Standards.

The grant of this consent does not constitute or imply permission, approval or consent by the Local Authority for any other purpose.

Signed *Stephen Moralee*
Assistant Director, Planning and Transportation

Dated 16 April 2009

- 3 No development shall take place until there has been submitted to and approved in writing by the Local Planning Authority a plan indicating the positions, design, materials and type of boundary treatment to be erected. The boundary treatment shall be completed before the building's are occupied. Development shall be carried out in accordance with the approved details and shall thereafter be retained.
Reason: In the interests of the visual amenities of the locality and the amenities of occupiers of adjoining property and in accordance with U.D.P. Policy BE6, Design Standards.
- 4 No development shall take place until details of the foul and surface water drainage have been submitted to and approved in writing by the Local Planning Authority. Thereafter no part of the development shall be occupied or brought into use until the approved scheme has been fully implemented. The scheme shall be retained throughout the life of the development unless otherwise agreed in writing with the Local Planning Authority.
Reason: To ensure the proper drainage of the area.
- 5 Unless otherwise agreed in writing by the Local Planning Authority, no building or other obstruction shall be located within 3.0metres either side of the centre line of the water mains that crosses the site.
Reason: In order to allow sufficient access and maintenance at all times
- 6 No piped discharge of surface water from the application site shall take place until works to provide a satisfactory outfall for surface water have been completed in accordance with details to be submitted to and approved in writing by the Local Planning Authority before development commences.
Reason: To ensure that the site is properly drained and surface water is not discharged to any off site drainage system, which will prevent overloading
- 7 Before any work on site are begun, including site clearance/preparation works, an ecological survey of Buildings identified as A, C, D and E on the submitted plan accompanying the Bat Survey reference no: 071104 shall be carried out by a suitably qualified person(s) whose credentials shall first be approved in writing by the Local Planning Authority. The objectives of the ecological survey shall be:
a) to ascertain whether the buildings are used by protected species as a living, breeding, roosting or hibernating habitat;
b) to provide a schedule of measures to preserve or enhance any identified habitat of a protected species and shall include details of when such measures shall be carried out;
Reason: In order to ensure that no harmful effects are caused to the interests of nature conservation in the locality as a result of the proposed development, in accordance with Policy GS15 and National Planning Guidance as set out in Planning Policy Statement 9 (Biodiversity and Geological Conservation).
- 8 All on-site vehicular areas shall be hard surfaced and drained in an approved manner prior to the development being brought into use.
Reason: To prevent mud/debris from being deposited on the public highway to the detriment of road safety.
- 9 Visibility splays, as shown on the approved drawings, shall be safeguarded at the access entrance/exit, such that there is no obstruction to visibility at a height exceeding 1.05m above the nearside channel level of the adjacent highway.
Reason: In the interest of highway safety

- 10 Pedestrian intervisibility splays, having the dimensions 2m x 2m, shall be safeguarded at the drive entrance/exit such that there is no obstruction to visibility at a height exceeding 600mm above the nearside channel level of the adjacent highway.
Reason: In the interest of highway safety
- 11 No development shall take place until there has been submitted to and approved in writing by the Local Planning Authority, full details of both hard and soft landscaping works, including details of the species, positions and planted heights of proposed trees and shrubs; together with details of the position and condition of any existing trees and hedgerows to be retained. The approved hard landscaping details shall be implemented prior to the occupation of the building(s).
Reason: In the interests of the visual amenities of the locality.
- 12 All planting, seeding or turfing comprised in the approved details of landscaping shall be carried out in the first planting and seeding seasons following the occupation of the buildings or the completion of the development, whichever is the sooner; and any trees or plants which die within a period of 5 years from the completion of the development, are removed, or become seriously damaged or diseased shall be replaced in the next planting season with other of similar size and species, unless the Local Planning Authority give written consent to any variation.
Reason: In the interests of the visual amenities of the locality.
- 13 The erection of fencing for the protection of any retained tree shall be undertaken in accordance with details to be submitted to and approved in writing by the Local Planning Authority. The fencing shall then be erected prior to any equipment, machinery or materials being brought on to the site for the purposes of the development, and shall be maintained until all equipment, machinery and surplus materials have been removed from the site. Nothing shall be stored or placed in any area fenced off in accordance with this condition and the ground levels within those areas shall not be altered, nor shall any excavation be made, without the written consent of the Local Planning Authority.
Reason: To safeguard existing trees, in the interest of visual amenity.
- 14 Prior to commencement of development an intrusive investigation and risk assessment to assess the nature and extent of any contamination on the site shall be submitted to and approved in writing by the Local Planning Authority. The investigation and risk assessment must be undertaken by competent persons and a written report of the findings must be produced. The report of the findings must include:
(i) a survey of the extent, scale and nature of contamination;
(ii) an assessment of the potential risks to:
o human health,
o property (existing or proposed) including buildings, crops, livestock, pets, woodland and service lines and pipes,
o adjoining land,
o groundwaters and surface waters,
o ecological systems,
o archeological sites and ancient monuments;
(iii) an appraisal of remedial options, and proposal of the preferred option(s).
This must be conducted in accordance with DEFRA and the Environment Agency's 'Model Procedures for the Management of Land Contamination, CLR 11'.
Reason: To ensure that risks from land contamination to the future users of the land and neighbouring land are minimised, together with those to controlled waters, property and ecological systems, and to ensure that the development can be carried out safely without unacceptable risks to workers, neighbours and other offsite receptors

- 15 Notwithstanding the provisions of the Town and Country Planning (General Permitted Development) (Amendment) (No. 2) (England) Order 2008 (or any Order revoking or re-enacting that Order with or without modification), no enlargement, improvement or other alteration of the dwellings which would otherwise be permitted by Part 1 of Schedule 2 to that Order shall be carried out without the prior written consent of the Local Planning Authority, and no garages or other outbuildings shall be erected.
Reason: To safeguard the privacy and amenities of the occupiers of adjoining residential property and in accordance with UDP Policy BE6, Design Standards.
- 16 No development shall take place until full details of the proposed external materials have been submitted to and approved in writing by the Local Planning Authority. The development shall be carried out in accordance with the approved details.
Reason: In the interests of the visual amenities of the locality and in accordance with UDP Policy BE6, Design Standards.
- 17 Construction or remediation work comprising the use of plant, machinery or equipment, or deliveries of materials shall only take place between the hours of 0800 to 1800 Monday to Friday and 0900 to 1400 on Saturdays and at no time on Sundays or Bank Holidays.
Reason: In the interests of the amenities of local residents and in accordance with UDP Policy ES1, Pollution.

Reason(s) for Granting Permission

- 1 Unique The design of the properties has been approached in a sympathetic and sensitive manner and it is considered that it will have a positive effect upon the general character of the surrounding area, the amenity of neighbouring properties and highway safety. In the absence of any material considerations which would indicate otherwise the application is considered to adhere to both local and national planning policies and it accordingly recommended that the application is approved subject to the safeguarding of the recommended conditions.

Informative(s)

- 1 The proposed development lies within a coal mining area. In the circumstances Applicants should take account of any coal mining related hazards to stability in their proposals. Developers must also seek permission from the Authority before undertaking any operations that involves entry into any coal or mines of coal, including coal mine shafts and the implementation of site investigations or other works. Property specific summary information on any past, current or proposed surface and underground coal mining activity to affect the development can be obtained from the Coal Authority. The Coal Authority Mining Reports Service can be contacted on 0845 762 6848 or at www.coal.gov.uk.
- 2 The granting of planning permission does not effect the status of species such as owls and bats which have protection under other legislation. These may be present, and it is the applicant's responsibility to seek advice on how to avoid damaging operations. Further advice can be obtained from the Countryside Unit in the Planning & Transportation Services, on 01226-772576, or directly from www.naturalengland.org.uk

NOTES:-

Appeals to the Secretary of State

If you are aggrieved by the decision of the Council to grant permission for the proposed development subject to conditions then you can appeal to the Secretary of State for the Environment, Transport and Regions under Section 78 of the Town and Country Planning Act. If you want to appeal, then you must do so within six months of the date of this notice, using a form which you can get from The Planning Inspectorate, Room 3/24 Hawk Wing, Temple Quay House, 2 The Square, Temple Quay, Bristol, BS1 6PN.

The Secretary of State can allow a longer period for giving notice of an appeal, but he will not normally be prepared to use this power unless there are special circumstances which excuse the delay in giving notice of appeal. The Secretary of State need not consider an appeal if it seems to him that the Local Planning Authority could not have granted planning permission for the proposed development or could not have granted it without the conditions it imposed, having regard to the statutory requirements, to the provisions of the development order and to any directions giving under the order. In practice, the Secretary of State does not refuse to consider appeals solely because the Local Planning Authority based its decision on a direction given by him.

Purchase Notices

If either the Local Planning Authority or the Secretary of State for the Environment, Transport and Regions refuses permission to develop land or grants it subject to conditions, the owner may claim that he can neither put the land to a reasonably beneficial use in its existing state nor can he render the land capable of a reasonably beneficial use by the carrying out of any development which has been or would be permitted. In these circumstances, the owner may serve a purchase notice on the Council in whose area the land is situated. This notice will require the Council to purchase his interest in the land in accordance with the provisions of part VI of the Town and Country Planning Act 1990.

Compensation

In certain circumstances compensation may be claimed from the Local Planning Authority if permission is refused or granted subject to conditions by the Secretary of State on appeal or on reference to the application to him. These circumstances are set out in Sections 114 and related provisions of the Town and Country Planning Act 1990.
