Informative(s)

Pursuant to article 31(1)(cc) of the Town and Country Planning (Development Management Procedure) Order 2010 (as amended), the Local Planning Authority have, where possible, made a pre-application advice service available, complied with our Planning Service Charter for Business and otherwise actively engaged with the applicant in dealing with the application.

- 1 The granting of planning permission does not effect the status of species such as owls and bats which have protection under other legislation. These may be present, and it is the applicant's responsibility to seek advice on how to avoid damaging operations. Further advice can be obtained from the Countryside Unit in the Planning & Transportation Services, on 01226-772576, or directly from www.naturalengland.org.uk
- 2 The granting of planning permission does not in any way infer that consent of the landowner is given. Therefore the consent of all relevant landowners is required before proceeding with any development including that of the Council as landowner.

If it should transpire that the applicant does not own any of the land included in this consent then it is the responsibility of the applicant to seek all necessary consents and approvals of the landowner.

Notes:

If the applicant is aggrieved by the decision of the Local Planning Authority to grant consent subject to conditions, he may appeal to the Secretary of State for the Environment, Transport and Regions in accordance with Section 198 of the Town and Country Planning Act 1990, within 28 days of receipt of this notice. Appeals must be made on a form which is obtainable from The Planning Inspectorate, Room 3/24 Hawk Wind, Temple Quay House, 2 The Square, Temple Quay, Bristol, BS1 6PN.
