Dear Sirs,

Bondfield Crescent
Sites A, B & C

Please find enclosed a full set of the revised planning application drawings for Housing Development Sites A, B & C, Bondfield Crescent and Wooley Avenue.

With particular regard to Site A, we have incorporated all required changes, including adding increased planting within the parking area, and rationalising elevational treatment.

We are now wholly confident the scheme has addressed all your comments and with the scheme complying with all relevant planning policy, we urge you to support this scheme in its current form and look forward to receiving a recommendation for approval and a decision response by the 2nd March as discussed at our previous meeting.

We look forward to hearing from you in the near future.

Yours faithfully,

AA Design Limited
Benjamin I. Costello
Director
