Design & Access Statement for The Installation of Paladin fencing at Darfield & Mitchell's Bowling Club

Background

Darfield & Mitchells bowling club is currently used by member of the public, however in recent years this site has subject to vandalism therefore the fence will protect the site

Work will include installing a paladine green powder coated fencing to a height of 1m to secure the site. Any access onto the sites will remain accessible

Concrete panel fence along South Western boundary to be removed

Existing stone wall fronting Roy Kilner Road to remain with 1m paladin fencing installed.

North eastern & Northern western boundaries 1.8m paladin fencing

Any Machinery needed for the work will be stored in a secure container or taken back to a secure depot, and where possible any materials/waste will be taken off site and recycled.

Consultation has already taken place with locals via their Local Councillors
