BARNSLEY
Metropolitan Borough Council

GRANT OF PLANNING PERMISSION

TOWN AND COUNTRY PLANNING ACT 1990

APPLICATION NO. 2009/0935

To Miss Lindsay Ramsden
Barratt Homes Yorkshire West
Vico Court
Ring Road
Lower Wortley
Leeds
LS12 6AN

DESCRIPTION Substitution of house types on previously approved applications for residential development (2008/0287 and 2006/0067).

LOCATION Site at Former Hi-Tech Integrity Castings Ltd, Green Road, Penistone, Barnsley, South Yorkshire, S30 6LW

Permission is granted for the proposals which were the subject of the Application and Plans registered by the Council on 17 August 2009 and described above.

The approval is subject on compliance with the following conditions:

1 The development hereby permitted shall be begun before the expiration of 3 years from the date of this permission.
Reason: In order to comply with the provision of Section 91 of the Town and Country Planning Act 1990.

2 The development hereby approved shall be carried out strictly in accordance with the plans and specifications as approved unless prior written consent has been given by the Local Planning Authority to any variation. (Plans received 17 August 2009)
Reason: In the interests of the visual amenities of the locality and in accordance with UDP Policy BE6, Design Standards.

3 No development shall take place until full details of the proposed external materials have been submitted to and approved in writing by the Local Planning Authority. The development shall be carried out in accordance with the approved details.
Reason: In the interests of the visual amenities of the locality and in accordance with UDP Policy BE6, Design Standards.

Stephen Moralee

The grant of this consent does not constitute or imply permission, approval or consent by the Local Authority for any other purpose.

Signed
Assistant Director, Planning and Transportation

Dated 28 October 2009

Planning and Transportation Service **Telephone: 01226 - 772000**
PO Box 604, Barnsley, S70 9FE **Fax: 01226 - 772591**

4 Vehicular and pedestrian gradients within the site shall not exceed 1 in 12 to ensure safe and adequate access
Reason: In the interests of road safety.

Reason(s) for Granting Permission

1 Unique The proposal has been assessed and found to comply with UDP Policies H5, H6, BE6, T2 and ED7. The proposal is also considered to comply with SPG24 'Re-use of Employment Policy Areas' and as such is considered suitable for this location and would not have a significant detrimental impact on highway safety, local vegetation, visual amenities, or residential amenities subject to compliance with the relevant conditions.

Informative(s)

1 The proposed development lies within an area which could be subject to current coal mining or hazards resulting from past coal mining. Such hazards may currently exist, be caused as a result of the proposed development, or occur at some time in the future. These hazards included:

- Collapse of shallow coal mine workings;
- Collapse of, or risk of entry into, mine entries (shafts and adits);
- Gas emissions from coal mines including methane and carbon dioxide;
- Spontaneous combustion or ignition of coal which may lead to underground heatings and production of carbon monoxide;
- Transmission of gases into adjacent properties from underground sources through ground fractures;
- Coal mining subsidence
- Water emissions from coal mine workings.

Applicants must take account of these hazards which could affect stability, health & safety, or cause adverse environmental impacts during the carrying out their proposals and must seek specialist advice where required. Additional hazards or stability issues may arise from development on or adjacent to restored opencast sites or quarries and former colliery spoil tips.

Failure to obtain Coal Authority permission for such activities is trespass, with the potential for court action. In the interests of public safety the Coal Authority is concerned that risks specific to the nature of coal and coal mine workings are identified and mitigated.

The above advice applies to the site of your proposal and the surrounding vicinity. You must obtain property specific summary information on any past, current and proposed surface and underground coal mining activity and other ground stability information in order to make an assessment of the risks. This can be obtained from The Coal Authority's Property Search Service on 0845 762 6848 or at www.groundstability.com

2 The applicant's attention is drawn to the conditions, informatives and unilateral undertaking imposed on planning reference 2006/0067 which would still need to be complied with as part of this permission.

3 This approval represents an amendment to planning approval reference 2006/0067. This approval does not supersede approval reference 2006/0067 but merely provides approval to an amendment on a number of plots as detailed in the approved plans. All conditions on 2006/0067 would therefore still need to be complied with.

NOTES:-

Appeals to the Secretary of State

If you are aggrieved by the decision of the Council to grant permission for the proposed development subject to conditions then you can appeal to the Secretary of State for the Environment, Transport and Regions under Section 78 of the Town and Country Planning Act. If you want to appeal, then you must do so within six months of the date of this notice, using a form which you can get from The Planning Inspectorate, Room 3/24 Hawk Wing, Temple Quay House, 2 The Square, Temple Quay, Bristol, BS1 6PN.

The Secretary of State can allow a longer period for giving notice of an appeal, but he will not normally be prepared to use this power unless there are special circumstances which excuse the delay in giving notice of appeal. The Secretary of State need not consider an appeal if it seems to him that the Local Planning Authority could not have granted planning permission for the proposed development or could not have granted it without the conditions it imposed, having regard to the statutory requirements, to the provisions of the development order and to any directions giving under the order. In practice, the Secretary of State does not refuse to consider appeals solely because the Local Planning Authority based its decision on a direction given by him.

Purchase Notices

If either the Local Planning Authority or the Secretary of State for the Environment, Transport and Regions refuses permission to develop land or grants it subject to conditions, the owner may claim that he can neither put the land to a reasonably beneficial use in its existing state nor can he render the land capable of a reasonably beneficial use by the carrying out of any development which has been or would be permitted. In these circumstances, the owner may serve a purchase notice on the Council in whose area the land is situated. This notice will require the Council to purchase his interest in the land in accordance with the provisions of part VI of the Town and Country Planning Act 1990.

Compensation

In certain circumstances compensation may be claimed from the Local Planning Authority if permission is refused or granted subject to conditions by the Secretary of State on appeal or on reference to the application to him. These circumstances are set out in Sections 114 and related provisions of the Town and Country Planning Act 1990.
