Hi Liz,

Is there any development on the requested information so we can move forward with the application? If no details are forthcoming we will have to determine the application with the information we have on file.

Regards

Dear James,

Gary is out of the country until the middle of next week, so I will be answering your questions, as soon as Gary is in a position to do so.

Regards - Liz

Liz,

Having reviewed the application for the proposed stables at the above address, I have the following questions;

1. Are the horses owned by the occupants of the Granary or are the stables to be hired out to people from outside the hamlet?
2. Where are the horses currently stabled and why are they to be relocated?
3. What is the paddock currently used for?
4. The paddock seems to be enclosed by post and rail fencing the majority of the way around except for the area to the rear of the dwelling. Would this remain the case?

I would be grateful if you could provide me with information relating to the above as soon as possible, in order for the application to progress.

Regards
