GRANT OF OUTLINE PLANNING PERMISSION

TOWN AND COUNTRY PLANNING ACT 1990

APPLICATION NO. 2017/0798

To JRB Designs Ltd
1 Saville Street
Cudworth
Barnsley
S72 8LT

DESCRIPTION Residential development of up to 11 dwellings (Outline with All Matters Reserved)

LOCATION Land off Bismark Street, Worsbrough Common, Barnsley, S70 4NA

Permission is granted for the proposals which were the subject of the Application and Plans registered by the Council on 28 June 2017 and described above.

The approval is subject on compliance with the following conditions:

1 Application for approval of the matters reserved in Condition No. 2 shall be made to the Local Planning Authority before the expiration of three years from the date of this permission, and the development, hereby permitted, shall be begun before the expiration of two years from the date of approval of the last of the reserved matters to be approved.
Reason: In order to comply with the provision of Section 92 of the Town and Country Planning Act 1990.

2 The development hereby permitted shall not be commenced unless and until approval of the following reserved matters has been obtained in writing from the Local Planning Authority:-

(a) the layout of the proposed development.
(b) scale of building(s)
(c) the design and external appearance of the proposed development.
(d) means of access
(e) landscaping
Reason: In order to allow the Local Planning Authority to assess the details of the reserved matters with regard to the development plan and other material considerations.

3 Detailed plans shall accompany the reserved matters submission indicating existing ground levels, finished floor levels of all dwellings and associated structures, road levels and any proposed alterations to ground levels. Thereafter the development shall proceed in accordance with the approved details.
Reason: To enable the impact arising from need for any changes in level to be assessed in accordance with Core Strategy Policy CSP 29, Design.

4 No development shall take place unless and until
(a) full foul and surface water drainage details have been submitted to and approved in writing by the Local Planning Authority. Thereafter no part of the development shall be occupied or brought into use until the approved scheme has been fully implemented. The scheme shall be retained throughout the life of the development unless otherwise agreed in writing with the Local Planning Authority.
(b) porosity tests are carried out in accordance with BRE 365, to demonstrate that the subsoil is suitable for soakaways
and
(c) Calculations based on the results of these porosity tests to prove that adequate land area is available for the construction of the soakaways.
are all approved in writing by the Local Planning Authority.
Reason: To enure proper drainage in accordance with CSP 40

5 No development shall take place, including any works of demolition, until a Construction Method Statement has been submitted to, and approved in writing by, the Local Planning Authority. The approved Statement shall be adhered to throughout the construction period. The Statement shall provide for:
-The parking of vehicles of site operatives and visitors
-Means of access for construction traffic
-Loading and unloading of plant and materials
-Storage of plant and materials used in constructing the development
-The erection and maintenance of security hoarding including decorative displays and facilities for public viewing, where appropriate
-Wheel washing facilities
-Measures to control the emission of dust and dirt during construction
-Measures to control noise levels during construction
Reason: In the interests of highway safety, residential amenity and visual amenity and in accordance with Core Strategy Policy CSP 26, New Development and Highway Improvement, and CSP 29, Design.

6 All surface water run off shall be collected and disposed of within the site and shall not be allowed to discharge onto the adjacent highway.
Reason: In the interests of highway safety in accordance with Core Strategy Policy CSP 40, Pollution Control and Protection.

7 Prior to any works commencing on-site, a condition survey (including structural integrity) of the highways to be used by construction traffic shall be carried out in association with the Local Planning Authority. The methodology of the survey shall be approved in writing by the Local Planning Authority and shall assess the existing state of the highway. On completion of the development a second condition survey shall be carried out and shall be submitted for the written approval of the Local Planning Authority, which shall identify defects attributable to the traffic ensuing from the development. Any necessary remedial works shall be completed at the developer's expense in accordance with a scheme to be agreed in writing by the Local Planning Authority.
Reason: In the interests of highway safety, residential amenity and visual amenity and in accordance with Core Strategy Policy CSP 26, New Development and Highway Improvement, and CSP 29, Design.

8 Vehicular and pedestrian gradients within the site shall not exceed 1:12 to ensure safe and adequate access
Reason: In the interests of highway safety and residential amenity and in accordance with Core Strategy Policy CSP 26

9 Notwithstanding the provisions of the Town and Country Planning (General Permitted Development) Order 1995 (or any Order revoking or re-enacting that Order with or without modification), no building or structure shall be placed or erected within 3 metres, measured horizontally, of any sewer or culverted watercourse.
Reason: To prevent damage to the existing [sewer, watercourse or culverted watercourse] in accordance with Core Strategy Policy CSP 40, Pollution Control and Protection.

10 The following reports shall accompany the reserved matters submission:

a) Tree Survey
b) Phase 1 Ecological Assessment

Thereafter the development shall proceed in accordance with the approved details.
Reason: To ensure the continued well being of the trees and wildlife in accordance with CSP36

11 No development shall take place until the made ground as identified in the site investigation report (refC222/02/GS) undertaken by G & M consulting shall be evaluated and the foundations of the proposed dwellings designed by a suitably qualified structural/geotechnical engineer. A report detailing the engineers recommendations shall be submitted to and approved in writing by the Local Planning Authority prior to the commencement of development. The development thereafter shall be carried out in accordance with the engineered design. Responsibility for securing a safe and sustainable development rests with the developer and/or landowner"
Reason: In accordance with NPPF section 120 & 121 Land stability and SCP and in accordance with CSP 39 Contaminated and Unstable land.

12 Construction or remediation work comprising the use of plant, machinery or equipment, or deliveries of materials shall only take place between the hours of 0800 to 1800 Monday to Friday and 0900 to 1400 on Saturdays and at no time on Sundays or Bank Holidays.
Reason: In the interests of the amenities of local residents and in accordance with Core Strategy Policy CSP 40, Pollution Control and Protection.

Informative(s)

Pursuant to article 31(1)(cc) of the Town and Country Planning (Development Management Procedure) Order 2010 (as amended), the Local Planning Authority have, where possible, made a pre-application advice service available, complied with our Planning Service Charter for Business and otherwise actively engaged with the applicant in dealing with the application.

Please be aware that the Council monitors construction sites and open land within the vicinity such sites in an attempt to prevent fly tipping (i.e. unauthorised deposit of waste on land), which is illegal under the Environmental Protection Act 1990. The penalties for fly-tipping can include:

- *a fine of up to £50,000 and*
- *up to six months imprisonment on conviction*

Therefore, if necessary, please ensure that all demolition waste and waste associated with the construction of the approved development is disposed of via approved methods and that documents are retained to prove this.

1 It should be noted that the indicative layout does not reflect an adoptable highway layout, nor does it take into account a 300mm sewer which crosses the site and which would require a standoff. The developer is urged to redesign the layout prior to submitting a reserved matters application which may result in fewer than 11 no dwellings.

2 The granting of planning permission does not in any way infer that consent of the landowner is given. Therefore the consent of all relevant landowners is required before proceeding with any development including that of the Council as landowner.

If it should transpire that the applicant does not own any of the land included in this consent then it is the responsibility of the applicant to seek all necessary consents and approvals of the landowner.

3 The granting of planning permission does not effect the status of species such as owls and bats which have protection under other legislation. These may be present, and it is the applicant's responsibility to seek advice on how to avoid damaging operations. Further advice can be obtained from the Countryside Unit in the Planning & Transportation Services, on 01226-772576, or directly from www.naturalengland.org.uk

Signed JM Jenkinson Dated 20 October 2017
Joe Jenkinson

Head of Planning and Building Control

The grant of this consent does not constitute or imply permission, approval or consent by the Local Authority for any other purpose.

NOTES:-

Appeals to the Secretary of State

If you are aggrieved by the decision of the Council to grant permission for the proposed development subject to conditions then you can appeal to the Secretary of State for the Environment, Transport and Regions under Section 78 of the Town and Country Planning Act. If you want to appeal, then you must do so within six months of the date of this notice, using a form which you can get from The Planning Inspectorate, Room 3/24 Hawk Wing, Temple Quay House, 2 The Square, Temple Quay, Bristol, BS1 6PN.

The Secretary of State can allow a longer period for giving notice of an appeal, but he will not normally be prepared to use this power unless there are special circumstances which excuse the delay in giving notice of appeal. The Secretary of State need not consider an appeal if it seems to him that the Local Planning Authority could not have granted planning permission for the proposed development or could not have granted it without the conditions it imposed, having regard to the statutory requirements, to the provisions of the development order and to any directions giving under the order. In practice, the Secretary of State does not refuse to consider appeals solely because the Local Planning Authority based its decision on a direction given by him.

Purchase Notices

If either the Local Planning Authority or the Secretary of State for the Environment, Transport and Regions refuses permission to develop land or grants it subject to conditions, the owner may claim that he can neither put the land to a reasonably beneficial use in its existing state nor can he render the land capable of a reasonably beneficial use by the carrying out of any development which has been or would be permitted. In these circumstances, the owner may serve a purchase notice on the Council in whose area the land is situated. This notice will require the Council to purchase his interest in the land in accordance with the provisions of part VI of the Town and Country Planning Act 1990.

Compensation

In certain circumstances compensation may be claimed from the Local Planning Authority if permission is refused or granted subject to conditions by the Secretary of State on appeal or on reference to the application to him. These circumstances are set out in Sections 114 and related provisions of the Town and Country Planning Act 1990.
