

Landscaping Proposals

37A NORFOLK ROAD
Great Houghton
Barnsley
S70 0DT

The grounds around the property are predominantly set to grass which are well maintained throughout the year. Pavements around the property are concrete and flag.

Regular maintenance contracts are in place to ensure that the surfaces are safe to use by residents, some of which mobility issues.

The development will result in the loss of approximately 9m² of grass to the rear. The loss will not impact the residents enjoyment of the open space.

On completion of the development, lawns and the like will be reinstated.
