

PLANNING CONSULTATION RESPONSE

Application No	2026/0431
Proposal	Prior Approval for electronic communications network. 20m High, Orion Slimline Streetworks Monopole hosting 6 no. antennas, 3 no. ERS, equipment housing and ancillary development.
Address	Northeast of Southgate, Shafton, Barnsley S72 8QG
Date of Consultation Reply	10 th July 2026
Consultee	Highways DC

Consultation Assessment and Justification

[2nd response]

The amended plans show that the cabinet has been relocated to the south-east of the Monopole mast; the proposed communications equipment is now positioned a sufficient distance from the adjacent field access to allow farm vehicles to access/egress the field unimpeded.

The equipment does not interfere with any vehicular sight lines/visibility, nor does it constitute an undue distraction to road users, as such, it is considered that the proposals do not adversely impact upon the highway; there are no objections from a highways point of view.

The applicant should be aware however that any works would be subject to the relevant section 50 licences and contact should be made with the authorities Network Management team via streetworks@barnsley.go.uk, to discuss this. Alternatively, further details are available on the BMBC website at www.barnsley.gov.uk/services/roads-travel-and-parking/road-licences

NO OBJECTION

Consultation Suggested Conditions:

No specific highways related conditions are deemed necessary.

Consultation Informative(s):

No specific highways related informative notes are deemed necessary.
