To White Agus Partnership
8 MORSTON BUSINESS PARK
WHALEY ROAD
BARNSLEY
S75 1HQ

DESCRIPTION Outline application for Residential development including details of access (all other matters reserved)

LOCATION Sturdy Lads Longridge Road Barnsley South Yorkshire S71 2RZ

Permission is granted for the proposals which were the subject of the Application and Plans registered by the Council on 01 August 2014 and described above.

The approval is subject on compliance with the following conditions:

- 1 Application for approval of the matters reserved in Condition No. 2 shall be made to the Local Planning Authority before the expiration of three years from the date of this permission, and the development, hereby permitted, shall be begun before the expiration of two years from the date of approval of the last of the reserved matters to be approved.

Reason: In order to comply with the provision of Section 92 of the Town and Country Planning Act 1990.

- 2 The development hereby permitted shall not be commenced unless and until approval of the following reserved matters has been obtained in writing from the Local Planning Authority:-

- (a) the layout of the proposed development.
- (b) scale of building(s)
- (c) the design and external appearance of the proposed development.
- (d) landscaping

Reason: In order to allow the Local Planning Authority to assess the details of the reserved matters with regard to the development plan and other material considerations.

The grant of this consent does not constitute or imply permission, approval or consent by the Local Authority for any other purpose.

- 3 Detailed plans shall accompany the reserved matters submission indicating existing ground levels, finished floor levels of all dwellings and associated structures, road levels and any proposed alterations to ground levels. Thereafter the development shall proceed in accordance with the approved details.
Reason: To enable the impact arising from need for any changes in level to be assessed in accordance with Core Strategy Policy CSP 29, Design.
- 4 A scheme to reduce the developments carbon dioxide emissions by at least 15% by using decentralised, renewable or low carbon energy sources or other appropriate design measures shall accompany the reserved matters submission. The development shall be carried out in accordance with the approved details and upon completion of the development a report shall be submitted to and approved by the Local Planning Authority demonstrating that at least a 15% reduction in carbon dioxide emissions has been achieved. In the event that the use of other decentralised, renewable or low carbon energy sources or other appropriate design measures are also required to achieve a 15% reduction in carbon dioxide emissions, full details of such proposals and a timetable for their implementation shall be submitted to and approved in writing by the Local Planning Authority prior to installation. The approved details shall be implemented in accordance with the approved timetable and all the approved measures shall be retained as operational thereafter.
Reason: In the interest of sustainable development, in accordance with Core Strategy policy CSP5.
- 5 The dwellings shall achieve the minimum requirements of the Code for Sustainable Homes: Technical Guide (or such national measure of sustainability for house design that replaces that scheme) in accordance with details submitted to the Local Planning Authority as part the reserved matters. Details shall include measures to achieve the Code Level applicable at the time of the reserved matters submission. Thereafter the development shall be carried out in accordance with the approved details and no dwelling shall be occupied until a Final Code Certificate has been submitted to the Local Planning Authority certifying that the relevant Code Level has been achieved.
Reason: In the interest of sustainable development in accordance with Core Strategy Policy CSP2.
- 6 Should the reserved matters submission propose 15 units or more, it shall include a scheme for the provision of affordable housing. The affordable housing shall be provided in accordance with the approved scheme and shall meet the definition of affordable housing in Annex 2 of the National Planning Policy Framework or any future guidance that replaces it. The scheme shall include:
- i. The numbers, type, tenure and location on the site of the affordable housing provision to be made which shall consist of not less than 15% of housing units/bed spaces;
 - ii. The timing of the construction of the affordable housing and its phasing in relation to the occupancy of the market housing;
 - iii. The arrangements for the transfer of the affordable housing to an affordable housing provider[or the management of the affordable housing] (if no RSL involved) ;
 - iv. The arrangements to ensure that such provision is affordable for both first and subsequent occupiers of the affordable housing; and
 - v. The occupancy criteria to be used for determining the identity of occupiers of the affordable housing and the means by which such occupancy criteria shall be enforced.
- Reason: To meet identified housing need in accordance with Core Strategy Policy CSP 15.**

- 7 Should the reserved matters submission propose 20 units or more, it shall include a scheme for the provision of or enhancement to off-site public open space in accordance with Core Strategy policy CSP 35 and the Open Space Provision on New Housing Developments SPD. The provision or enhancement of the off site open space shall be provided prior to completion of the development in accordance with the approved scheme.

Reason: In the interests of residential and visual amenity to ensure adequate provision of public open space in accordance with Core Strategy Policy CSP 35 and the Open Space Provision on New Housing Developments SPD.

- 8 No development shall take place, including any works of demolition, until a Construction Method Statement has been submitted to, and approved in writing by, the Local Planning Authority. The approved Statement shall be adhered to throughout the construction period. The Statement shall provide for:

- The parking of vehicles of site operatives and visitors
- Means of access for construction traffic
- Loading and unloading of plant and materials
- Storage of plant and materials used in constructing the development
- The erection and maintenance of security hoarding including decorative displays and facilities for public viewing, where appropriate
- Wheel washing facilities
- Measures to control the emission of dust and dirt during construction
- Measures to control noise levels during construction

Reason: In the interests of highway safety, residential amenity and visual amenity and in accordance with Core Strategy Policy CSP 26, New Development and Highway Improvement, and CSP 29, Design.

- 9 Prior to any works commencing on-site, a condition survey (including structural integrity) of the highways to be used by construction traffic shall be carried out in association with the Local Planning Authority. The methodology of the survey shall be approved in writing by the Local Planning Authority and shall assess the existing state of the highway. On completion of the development a second condition survey shall be carried out and shall be submitted for the written approval of the Local Planning Authority, which shall identify defects attributable to the traffic ensuing from the development. Any necessary remedial works shall be completed at the developer's expense in accordance with a scheme to be agreed in writing by the Local Planning Authority.

Reason: In the interests of highway safety.

10 No development shall take place until:

(a) Full foul and surface water drainage details, including a scheme to reduce surface water run off by at least 30% and a programme of works for implementation, have been submitted to and approved in writing by the Local Planning Authority:

(b) Porosity tests are carried out in accordance with BRE 365, to demonstrate that the subsoil is suitable for soakaways;

(c) Calculations based on the results of these porosity tests to prove that adequate land area is available for the construction of the soakaways;

Thereafter no part of the development shall be occupied or brought into use until the approved scheme has been fully implemented. The scheme shall be retained throughout the life of the development.

Reason: To ensure proper drainage of the area in accordance with Core Strategy Policy CSP 40, Pollution Control and Protection.

11 Development shall not commence until full highway engineering construction details (including a system of street lighting) have been submitted to and approved in writing by the Local Planning Authority. The development shall be carried out in accordance with the approved details.

Reason: In the interests of road safety in accordance with Core Strategy Policy CSP 26.

12 All on-site vehicular areas within any phase shall be surfaced and drained in an approved manner prior to that phase of the development being brought into use.

Reason: To prevent mud/debris from being deposited on the public highway to the detriment of road safety in accordance with Core Strategy Policy CSP 26.

13 Sight lines, having the dimensions 2.4m x 43m, shall be safeguarded at the drive entrance/exit, such that there is no obstruction to visibility at a height exceeding 1.05m above the nearside channel level of the adjacent highway.

Reason: In the interests of road safety in accordance with Core Strategy Policy CSP 26.

14 Construction or remediation work comprising the use of plant, machinery or equipment, or deliveries of materials shall only take place between the hours of 0800 to 1800 Monday to Friday and 0900 to 1400 on Saturdays and at no time on Sundays or Bank Holidays.

Reason: In the interests of the amenities of local residents and in accordance with Core Strategy Policy CSP 40.

15 Notwithstanding the provisions of the Town and Country Planning (General Permitted Development) Order 1995 (or any Order revoking or re-enacting that Order with or without modification), no building or structure shall be placed or erected within 3 metres, measured horizontally, of any sewer or culverted watercourse.

Reason: To prevent damage to the existing [sewer, watercourse or culverted watercourse in accordance with Core Strategy Policy CSP 40, Pollution Control and Protection.

Informative(s)

Pursuant to article 31(1)(cc) of the Town and Country Planning (Development Management Procedure) Order 2010 (as amended), the Local Planning Authority have, where possible, made a pre-application advice service available, complied with our Planning Service Charter for Business and otherwise actively engaged with the applicant in dealing with the application.

- 1 The developer must contact Highways, Engineering & Transportation on 01226 773555 prior to any work commencing on-site, to gain all necessary technical and legal approvals relating to the creation/alteration/reinstatement and removal of vehicular accesses to the highway.
- 2 Under the Building Act 1984, the Council is required to be notified of any demolition exceeding 50 cubic metres carried out within the Borough. To do this, contact Highways, Engineering & Transportation on 01226 772009

NOTES:-

Appeals to the Secretary of State

If you are aggrieved by the decision of the Council to grant permission for the proposed development subject to conditions then you can appeal to the Secretary of State for the Environment, Transport and Regions under Section 78 of the Town and Country Planning Act. If you want to appeal, then you must do so within six months of the date of this notice, using a form which you can get from The Planning Inspectorate, Room 3/24 Hawk Wing, Temple Quay House, 2 The Square, Temple Quay, Bristol, BS1 6PN.

The Secretary of State can allow a longer period for giving notice of an appeal, but he will not normally be prepared to use this power unless there are special circumstances which excuse the delay in giving notice of appeal. The Secretary of State need not consider an appeal if it seems to him that the Local Planning Authority could not have granted planning permission for the proposed development or could not have granted it without the conditions it imposed, having regard to the statutory requirements, to the provisions of the development order and to any directions giving under the order. In practice, the Secretary of State does not refuse to consider appeals solely because the Local Planning Authority based its decision on a direction given by him.

Purchase Notices

If either the Local Planning Authority or the Secretary of State for the Environment, Transport and Regions refuses permission to develop land or grants it subject to conditions, the owner may claim that he can neither put the land to a reasonably beneficial use in its existing state nor can he render the land capable of a reasonably beneficial use by the carrying out of any development which has been or would be permitted. In these circumstances, the owner may serve a purchase notice on the Council in whose area the land is situated. This notice will require the Council to purchase his interest in the land in accordance with the provisions of part VI of the Town and Country Planning Act 1990.

Compensation

In certain circumstances compensation may be claimed from the Local Planning Authority if permission is refused or granted subject to conditions by the Secretary of State on appeal or on reference to the application to him. These circumstances are set out in Sections 114 and related provisions of the Town and Country Planning Act 1990.
