3 The boundary treatment shown on drawing 14-014-17 shall be completed before the occupation of the first dwelling or in accordance with a timetable to be agreed. Development shall be carried out in accordance with the approved details and shall thereafter be retained.

Reason: In the interests of the visual amenities of the locality and the amenities of occupiers of adjoining property and in accordance with Core Strategy Policy CSP 29, Design.

4 All planting, seeding or turfing comprised in the approved details of landscaping shall be carried out in the first planting and seeding seasons following the occupation of the buildings or the completion of the development, whichever is the sooner; and any trees or plants which die within a period of 5 years from the completion of the development, are removed, or become seriously damaged or diseased shall be replaced in the next planting season with other of similar size and species.

Reason: In the interests of the visual amenities of the locality and in accordance with Core Strategy Policy CSP 36, Biodiversity and Geodiversity.

5 Construction or remediation work comprising the use of plant, machinery or equipment, or deliveries of materials shall only take place between the hours of 0800 to 1800 Monday to Friday and 0900 to 1400 on Saturdays and at no time on Sundays or Bank Holidays.

Reason: In the interests of the amenities of local residents and in accordance with Core Strategy Policy CSP 40, Pollution Control and Protection

Informative(s)

Pursuant to article 31(1)(cc) of the Town and Country Planning (Development Management Procedure) Order 2010 (as amended), the Local Planning Authority have, where possible, made a pre-application advice service available, complied with our Planning Service Charter for Business and otherwise actively engaged with the applicant in dealing with the application.

1 The proposed development lies within a coal mining area which may contain unrecorded coal mining related hazards. If any coal mining feature is encountered during development, this should be reported immediately to The Coal Authority on 0345 762 6848. It should also be noted that this site may lie in an area where a current licence exists for underground coal mining.

Further information is also available on The Coal Authority website at: www.gov.uk/government/organisations/the-coal-authority

Property specific summary information on past, current and future coal mining activity can be obtained from: www.groundstability.com

2 The granting of planning permission does not in any way infer that consent of the landowner is given. Therefore the consent of all relevant landowners is required before proceeding with any development including that of the Council as landowner.

If it should transpire that the applicant does not own any of the land included in this consent then it is the responsibility of the applicant to seek all necessary consents and approvals of the landowner.

3 The decision to grant planning permission has been taken having regard to the saved policies and proposals in the Barnsley Unitary Development Plan, the policies and proposals in the Core Strategy and to all relevant material considerations, including Supplementary Planning Guidance:

NOTES:-

1. If the applicant is aggrieved by the decision of the local planning authority to refuse permission or approval for the proposed development, or grant permission or approval subject to conditions, he may appeal to the Secretary of State for the Environment, Transport and Regions in accordance with Section 36 of the Town and Country Planning Act 1971 within six months of receipt of this notice. (Appeals must be made on a form which is obtainable from The Planning Inspectorate, Room 3/24 Hawk Wing, Temple Quay, 2 The Square, Temple Quay, Bristol, BS1 6PN). The Secretary of State has power to allow a longer period for the giving of a notice of appeal, but he will not normally be prepared to exercise this power unless there are special circumstances which excuse the delay in giving notice of appeal. The Secretary of State is not required to entertain an appeal if it appears to him that permission for the proposal development could not have been granted by the local planning authority, or could not have been so granted otherwise than subject to the conditions imposed by them, having regard to the statutory requirements*, to the provisions of the development order, and to any directions given under the order. He does not, in practice, refuse to entertain appeals solely because the local planning was based on a direction given by him.

2. If permission to develop land is refused or granted subject to conditions, whether by the local planning authority or the Secretary of State for the Environment, Transport and Regions and the owner of the land claims that the land has become incapable of reasonably beneficial use in its existing state and cannot be rendered capable of a reasonably beneficial use by the carrying out of any development which has been or would be permitted, he may serve on the Common Council, or County Council, London Borough or District Council in which land is situated as the case may be, a purchase notice requiring the Council to purchase his interest in the land in accordance with the provisions of Part IX of the Town and Country Planning Act 1971.

3. In certain circumstances compensation may be claimed from the Local Planning Authority if permission is refused or granted subject to conditions by the Secretary of State on appeal or on reference of the application to him. These circumstances in which such compensation is payable are set out in Section 169 of the Town and Country Planning Act 1971.

* The statutory requirements are those set out in section 36(7) of the Town and Country Planning Act 1971, namely sections 29(1), 30(1), 67 and 74 of the Act.
