Condition 3a: Email evidence documenting Yorkshire water's stance on approving indirect private connections. Yorkshire water does not provide this themselves and the onus is on the developer. As the developer is glass recycling and they own the drain run we are connecting into, we see this fit not to seek further approval from Yorkshire water.

Condition 3b/c: Soakaways are not feasible due to contamination of site from made ground as per page 11 of the attached coal mining risk assessment.

Condition 4 (I - V): The construction method plan documents all items listed in conditions I - V.
