## Description of Proposal

Does the proposal consist of, or include, the carrying out of building or other operations?

Yes

No

If Yes, please give detailed description of all such operations (includes the need to describe any proposal to alter or create a new access, layout any new street, construct any associated hard-standings, means of enclosure or means of draining the land/buildings) and indicate on your plans (in the case of a proposed building the plan should indicate the precise siting and exact dimensions)

The proposed works include the erection of a new build single storey rear extension to the existing Cherry Garth building. The extension is to be circa 4.8m x 2.5m in size and include a dual pitch roof with gable elevation (to reflect the original building). A new opening will be required in the original building external wall to open the existing kitchen into the new extension. The extension is to include new bi-fold doorset to the gable elevation, a window on the side elevation and two rooflights. The proposed extension will follow the same appearance as the original building.

Does the proposal consist of, or include, a change of use of the land or building(s)?

Yes

No

Has the proposal been started?

Yes

No

## Grounds for Application

### Information about the existing use(s)

Please explain why you consider the existing or last use of the land is lawful, or why you consider that any existing buildings, which it is proposed to alter or extend are lawful

The property's last use was as a domestic residence and this use class is to be retained across the proposal.

Please list the supporting documentary evidence (such as a planning permission) which accompanies this application

Select the use class that relates to the existing or last use.

C3 - Dwellinghouses

### Information about the proposed use(s)

Select the use class that relates to the proposed use.

C3 - Dwellinghouses

Is the proposed operation or use

- Permanent  
 Temporary

Why do you consider that a Lawful Development Certificate should be granted for this proposal?

The applicant is seeking a Lawful Development Certificate for the proposal to satisfy themselves that the proposed single storey rear extension can be undertaken under permitted development rights against the original building and that the Local Authority agree with this approach. The size, location and design of the proposed extension does sit within the parameters allowed for under permitted development rights to a detached dwelling, as such there does not appear to be any reason why a Lawful Development Certificate should be granted for this proposal.

### Site Visit

Can the site be seen from a public road, public footpath, bridleway or other public land?

- Yes  
 No

If the planning authority needs to make an appointment to carry out a site visit, whom should they contact?

- The agent  
 The applicant  
 Other person

### Pre-application Advice

Has assistance or prior advice been sought from the local authority about this application?

- Yes  
 No

### Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff  
(b) an elected member  
(c) related to a member of staff  
(d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?

Yes

No

## Interest in the Land
