Subject: RE: Planning Application 2021/1089

[Redacted]

Enterprising Barnsley actively support this application that will help to create much needed new industrial units in the borough , that will help to both attract future inward investors and retain growing indigenous local companies.

The size of the units proposed help to full fill a clear gap in the development pipeline market, that will help to support a number of enquiries that we are having to turn away due to the limited available stock levels in the proposed development size band.

This development is essential in helping BMBC and SYMCA to create future employment opportunities (jobs) as per the existing strategic economic and corporate plans, as well as contributing to a future business rates income for BMBC

Regards
