Morning Peter,

Apologies for the delay in responding. I can confirm that there is no objection to the works proposed subject to them being completed within 2 years of the date of this email. It should be noted that you will need to ensure you comply with all relevant wildlife legislation relating to bats and nesting birds et.

Regards

Ed

Dear Mr Jowett

We submitted an application for proposed tree works in a conservation area on the 9 August 2019 via the Planning Portal.

Following dialogue with the planning call centre I was advised that TCA's are validated differently to planning applications. It was unclear if the application has been validated or not. Please could you advise if you have received the application and it is live?

I appreciate, that no doubt you will be busy. However would it be possible to please give an estimate of timescales when you would be able to assess the application. If you require any further details please do not hesitate to contact me.

Thank you for your help.

Best Regards

Peter Hinchliffe
