Dear Sir/Madam,

RE: PLANNING APPLICATION FOR DECKING AT 27 ASHFIELD CLOSE, PENISTONE

Myself (David Whitwam) and my wife, Julie, wish to outline our strong support for our neighbours application for a decking area and staircase in the rear garden at 27 Ashfield Close.

We feel it important to stress that we have no objection to the decking as it stands at the minute, however, having chatted through the proposal and seen the amended drawings (references Plans - Ref: AD-PPT01, Elevations - Ref: AD-PPE01 and Sections - AD-PPS01) we don't feel that the proposed development will have any greater impact on our privacy than was the case before the works were completed, given that the raised terrace area was already in existence when the houses were built and our neighbours could access this space and use it as additional garden.

We don't see that what is being proposed is any worse than the situation has been since we moved into the development in December 2007 and that is why we have absolutely no objection to this planning application.

Yours Faithfully

D Whitwam

Mr and Mrs Whitwam
