Title Proposed side Elevations		
Scale 1:100 on A3 paper		Date June 2026
Orig. No. 202410047/3		Rev. 1
The architectural drawings presented above are submitted for the purpose of planning approval and building control purposes. The client of drawings herein is a preliminary concept. The client agrees to indemnify and hold the architect harmless from all claims, damages, costs and expenses, including reasonable legal costs, arising from the use of the drawings for any purpose other than that for which they were originally intended. It is the client's responsibility to ensure that the drawings are used in accordance with the intended purpose and to obtain all necessary permissions and approvals from the relevant authorities. The architect does not warrant the accuracy or completeness of the drawings and does not accept any liability for any loss or damage arising from the use of the drawings for any purpose other than that for which they were originally intended. It is the client's responsibility to ensure that the drawings are used in accordance with the intended purpose and to obtain all necessary permissions and approvals from the relevant authorities. The architect does not warrant the accuracy or completeness of the drawings and does not accept any liability for any loss or damage arising from the use of the drawings for any purpose other than that for which they were originally intended.		
It is imperative that the entirety of the project plans and all details submitted with the drawings, including specifications, be submitted to the relevant authorities for approval. The client agrees to indemnify and hold the architect harmless from all claims, damages, costs and expenses, including reasonable legal costs, arising from the use of the drawings for any purpose other than that for which they were originally intended. It is the client's responsibility to ensure that the drawings are used in accordance with the intended purpose and to obtain all necessary permissions and approvals from the relevant authorities. The architect does not warrant the accuracy or completeness of the drawings and does not accept any liability for any loss or damage arising from the use of the drawings for any purpose other than that for which they were originally intended.		
For further consultation and guidance related to your specific project, an architect's services are required. The architect does not warrant the accuracy or completeness of the drawings and does not accept any liability for any loss or damage arising from the use of the drawings for any purpose other than that for which they were originally intended.
