

REF/PA/AR

10th Sept 2014

**FAO Mr M Smith
Planning Officer
Barnsley M.B.C.**

**Proposed Agricultural Building at Land Adjoining Ladyroyd, Silkstone,
Barnsley**

Statement of Intent

The owner of the land recently purchased this land as grazing land for livestock.

The owner's intension is to erect an agricultural building to be used as a winter holding for the acquired livestock and machinery necessary to look after them. As you can see from the ordinance survey map there is a considerable distance between the owners residence and the newly acquired field, also there is no direct contact between the two plots of land and the applicant will be required is use the public highway to gain access to this land. For these two reasons the applicant feels that it is necessary for the welfare of the livestock that a building should be erected. Delivery of feedstuffs will take place once every one and a half months.

The livestock is as follows:

1. 100 sheep
2. 10 Cows
3. 1 Bull
4. 10 Breeding Mares.

Pictures of the machinery used for the use of the livestock as already been sent to you as part of the application.

The ridge height as been reduced following our meeting of the 8th Sept 2014 to a 10 degrees pitched roof. The eaves height as remained the same along with the overall length and width of the building.

Additional information:-

Agricultural holding number 47/730/0040
Herd no zr0116 (cattle)
Flock no Uk 0120674 (sheep)

These are DEFRA appointed licence numbers to be able to legally keep livestock.

If you require any further information or clarification please do not hesitate to contact me.

Yours faithfully

Alan Robinson
