Notification for Prior Approval for a Proposed Change of Use of Agricultural Building to a Dwellinghouse (Class C3), and for Associated Operational Development

Town and Country Planning (General Permitted Development) Order 2015
Schedule 2, Part 3, Class Q

Development is not permitted where the proposed change of use would result in more than 3 dwellinghouses that have a cumulative floor space of more than 450 square metres being created within an "established agricultural unit" (which means agricultural land occupied as a unit for the purposes of agriculture on or before 20 March 2013, or for ten years before the date the proposed development will begin).

Development is not permitted where the building is a listed building, the site is or contains a scheduled monument, is located on Article 2 (3) land, or the site is, or forms part of a site of special scientific interest, a safety hazard area or a military explosives storage area.

4. Description of proposal

If the building was not in use on 20th March 2013, what date was it last in use? (DD/MM/YY) n/a

What was the use of the building on 20th March 2013 or the last use before that date?

Agricultural Use - to feed and shelter cattle and associated storage.

If the building was brought into use after the 20th March 2013, what date was it brought into use? (DD/MM/YY) n/a

Please provide details of its use since it was brought into use:

Agricultural Use.

Is the site currently occupied under an agricultural tenancy agreement? Yes ☐ No ☒

If yes, I/we confirm that both parties to that agreement have consented to the change of use: ☐

Please attach written confirmation from the landlord and tenant confirming they both agree to the change of use.

Has an agricultural tenancy agreement been terminated in the year before development is proposed to begin for the purpose of carrying out the change of use? Yes ☐ No ☒

If yes, I/we confirm that both parties have agreed that the site is no longer required for agricultural use: ☐

Please attach written confirmation from the landlord and tenant confirming they both agree that the site is no longer required for agricultural use.

What is the net increase in dwellinghouses proposed by the development? 3

The number of dwellinghouses proposed by the development that is additional to the number of dwellinghouses on the site immediately prior to the development.

4. Description of proposal (Continued)

What is the cumulative number of proposed dwellinghouses that will be developed within the established agricultural unit (*including the number of dwellinghouses already developed under Class Q of Part 3 of Schedule 2 to the Town and Country Planning (General Permitted Development Order) 2015*?

3

Please specify (*including any floor space that has already changed use to a dwellinghouse under Class Q of Part 3 of Schedule 2 to the Town and Country Planning (General Permitted Development Order) 2015) the cumulative*:

Floor space of the existing building or buildings which is proposed to change use: 157 sqm

Area of land within its curtilage which is proposed to change use: 0 sqm

Please describe the proposed development, including relevant information on the siting and location of the building:

The conversion of an existing stone barn to three dwelling houses to provide two storey residential accommodation. The barn is located approximately 55 metres to the west of Liley Farmhouse at the entrance to Liley Farm. The site is accessed directly from Liley Lane which links to Manchester Road (A628) approximately 0.2km to the west of the site.

Please provide any relevant information on noise, transport and highways impacts of the development and contamination and flooding risks on site. A flood risk assessment should be provided with the application in Flood Zones 2 and 3, and in Flood Zone 1 where an area which has critical drainage problems has been notified to the Local Planning Authority by the Environment Agency:

Access to the barn is gained from Liley Lane which leads off Manchester Road (A628). The same lane provides access to the residential unit to the east of the farm (Liley Farm House) and further residential properties to the north east. The conversion of the barn to residential uses would not have a material impact on the level of traffic using Liley Lane.

The settlement of Millstone Green is located approximately 0.8km to the north east and Penistone 2.6km further to the east. Millhouse Green Primary School is within 0.8km to the north of the barn.

The barn is located in Flood Risk Zone 1.

Please provide a description of the design and any exterior alterations which are proposed to the building including information of any intended partial demolition reasonably necessary to carry out these works, work involving the installation or replacement of windows, doors, roofs, exterior walls and work involving the installation or replacement of water, drainage, electricity, gas or other services.

Additional windows and doors will be added as is reasonably necessary to facilitate the conversion of the barn to residential use. A proposed layout accompanies this planning application.

The roof line of the converted barn will not extend beyond the external dimensions of the existing building.

5. Checklist

Please read the following checklist to make sure you have sent all the information in support of your proposal. Failure to submit all information required could result in your notification being deemed invalid.
