

GRANT OF PLANNING PERMISSION

TOWN AND COUNTRY PLANNING ACT 1990

APPLICATION NO. 2026/0246

To JE Architectural Ltd
23 Windmill Road Wombwell Barnsley S73 8PW

DESCRIPTION Conversion of existing roof space to create 3x residential flats (Use Class C3) with associated external alterations including re-roof and installation of rooflights (Amended Description).

LOCATION Family Shopper, West Street, Hoyland, Barnsley, S74 9DU

Permission is **granted** for the proposals which were the subject of the Application and Plans registered by the Council on 15/06/2026 and described above.

The approval is subject on compliance with the following conditions:

- 1 The development hereby permitted shall be begun before the expiration of 3 years from the date of this permission.
Reason: In order to comply with the provision of Section 91 of the Town and Country Planning Act 1990.

- 2 The development hereby approved shall be carried out strictly in accordance with the amended plans:

202512-04 Rev. B Proposed Ground Floor and First Floor Plans received 20th July 2026.

202512-05 Rev. A Proposed Second Floor Plan received 20th July 2026.

202512-06 Rev. B Proposed Elevations received 7th August 2026.

202512-07 Rev. C Proposed Section received 7th August 2026.

202512-08 Site Location Plan.

202512-09 Block Plan.

Bat Survey Report produced by Middleton Bell Ecology ref. MBE/BAT/2026/058/03 dated and received 11th August 2026.

TLX-BATSAFE-PRODUCT-GUIDE-JUNE-2025 received 18th August 2026.

Integrated_Eco_Bat_Box_Nestbox_Company received 18th August 2026.

and specifications as approved unless required by any other conditions in this permission.

Reason: In the interests of the visual amenities of the locality and in accordance with Local Plan Policy D1: High Quality Design and Place Making.

- 3 Prior to the development hereby permitted being brought into use, a noise breakthrough assessment shall be carried out and a report submitted to and approved in writing by the Local Planning Authority. The report shall confirm adequate sound insulation has been provided between the domestic and non-domestic premises. The report shall indicate that the internal noise criteria as stated in BS8233 has been achieved and meets the standards in Approved Document E of current Building Regulations.
Reason: In the interests of providing adequate sound insulation between the domestic and non-domestic premises and in accordance with Local Plan Policies GD1: General Development and POLL1: Pollution Control and Protection.
- 4 The development hereby permitted shall be completed in strict accordance with the recommendations laid out in the submitted amended Bat Survey Report [Bat Survey Report produced by Middleton Bell Ecology ref. MBE/BAT/2026/058/03 dated and received 11th August 2026] (unless varied by a European Protected Species (EPS) licence issued by Natural England). All the recommendations shall be implemented in full prior to the development hereby permitted being brought into use.
Reason: In the interests of Biodiversity enhancement and in accordance with Local Plan Policy BIO1: Biodiversity and Geodiversity.
- 5 Prior to the development hereby permitted being brought into use, the scheme for the parking of bicycles shown on the submitted plans [202512-04 Rev. B Proposed Ground Floor and First Floor Plans received 20th July 2026] shall be implemented in full and retained thereafter.
Reason: In the interests of encouraging the use of sustainable modes of transport in accordance with Local Plan Policy T3: New Development and Sustainable Travel.
- 6 The vehicular parking spaces shown on the submitted plan [202512-09 Block Plan] shall be retained for the residential use hereby permitted for the lifetime of the development.
Reason: In the interests of providing adequate levels of off-street vehicular parking and in accordance with Local Plan Policy T4: New Development and Highway Safety.
- 7 Construction or demolition-related activity shall only take place between the hours of 08:00am – 18:00pm Monday to Fridays, 09:00am – 14:00pm Saturdays and at no time on Sundays and Bank Holidays.
Reason: To reduce or remove adverse impacts on health and the quality of life, especially for people living and/or working nearby and in accordance with Local Plan Policy POLL1: Pollution Control and Protection.
- 8 There shall be no burning of any material within the development site during demolition and/or construction phases.
Reason: To reduce or remove adverse impacts on health and the quality of life, especially for people living and/or working nearby and in accordance with Local Plan Policy POLL1: Pollution Control and Protection.

Informative(s)

Pursuant to article 35 (2) of the Town and Country Planning (Development Management Procedure) Order 2015 (as amended), the Local Planning Authority have, where possible, made a pre-application advice service available, and otherwise actively engaged with the applicant in dealing with the application in a positive and proactive manner.

- 1 The granting of planning permission does not in any way infer that consent of the landowner is given. Therefore, the consent of all relevant landowners is required before proceeding with any development, including that of the Council as landowner.

If it should transpire that the applicant does not own any of the land included in this consent, then it is the responsibility of the applicant to seek all necessary consents and approvals of the landowner.

- 2 It is recommended that measures are taken to prevent a nuisance/ or effect the quality of life of local residents. Please note that the Council's Pollution Control Team have a legal duty to investigate any complaints about noise, smoke or dust. No waste should be burnt. If a statutory nuisance is found to exist, they must serve an Abatement Notice under the Environmental Protection Act 1990. Failure to comply with the requirements of an Abatement Notice may result in a fine of up to £20,000 upon conviction in Magistrates' Court. It is therefore, recommended that you give serious consideration to the steps that may be required to prevent a noise, dust or smoke nuisance from being created.
- 3 The applicant/contractor should note that to deposit mud/debris on the public highway, or anything which may cause a nuisance or possible danger to road users, is an offence under provisions of the Highways Act 1980.
- 4 The applicant is reminded that under the Wildlife and Countryside Act 1981, as amended (Section 1), it is an offence to remove, damage or destroy the nest of any wild bird while that nest is in use or being built. Planning consent for a development does not provide a defence against prosecution under this act. The nesting bird season is considered to be between 1 March and 31 August inclusive, however some species can nest outside of this period. Suitable habitat for nesting birds are present on the application site and should be assumed to contain nesting birds between the above dates unless a recent survey has been undertaken by a competent ecologist to assess the nesting bird activity on site during this period and has shown it is certain that nesting birds are not present.

Please be aware that the Council monitors construction sites and open land within the vicinity of such sites in an attempt to prevent fly tipping (i.e. unauthorised deposit of waste on land), which is illegal under the Environmental Protection Act 1990. The penalties for fly-tipping can include:

- a fine of up to £50,000 and
- up to six months imprisonment on conviction.

Therefore, if necessary, please ensure that all demolition waste and waste associated with the construction of any development is disposed of via approved methods and that documents are retained to prove this.

Signed:

Dated: 20 August 2026

A handwritten signature in black ink, consisting of a stylized 'G' and 'H' followed by a horizontal line.

Garry Hildersley

Head of Planning, Policy & Building Control
Growth & Sustainability Directorate

The grant of this consent does not constitute or imply permission, approval or consent by the Local Authority for any other purpose.

NOTES:-

Appeals to the Secretary of State

If you are aggrieved by the decision of the Council to grant permission for the proposed development subject to conditions then you can appeal to the Secretary of State for the Environment, Transport and Regions under Section 78 of the Town and Country Planning Act. If you want to appeal, then you must do so within six months of the date of this notice, using a form which you can get from The Planning Inspectorate, Room 3/24 Hawk Wing, Temple Quay House, 2 The Square, Temple Quay, Bristol, BS1 6PN.

The Secretary of State can allow a longer period for giving notice of an appeal, but he will not normally be prepared to use this power unless there are special circumstances which excuse the delay in giving notice of appeal. The Secretary of State need not consider an appeal if it seems to him that the Local Planning Authority could not have granted planning permission for the proposed development or could not have granted it without the conditions it imposed, having regard to the statutory requirements, to the provisions of the development order and to any directions giving under the order. In practice, the Secretary of State does not refuse to consider appeals solely because the Local Planning Authority based its decision on a direction given by him.

Purchase Notices

If either the Local Planning Authority or the Secretary of State for the Environment, Transport and Regions refuses permission to develop land or grants it subject to conditions, the owner may claim that he can neither put the land to a reasonably beneficial use in its existing state nor can he render the land capable of a reasonably beneficial use by the carrying out of any development which has been or would be permitted. In these circumstances, the owner may serve a purchase notice on the Council in whose area the land is situated. This notice will require the Council to purchase his interest in the land in accordance with the provisions of part VI of the Town and Country Planning Act 1990.

Compensation

In certain circumstances compensation may be claimed from the Local Planning Authority if permission is refused or granted subject to conditions by the Secretary of State on appeal or on reference to the application to him. These circumstances are set out in Sections 114 and related provisions of the Town and Country Planning Act 1990.

STATUTORY BIODIVERSITY NET GAIN CONDITION

DEEMED CONDITION

(As required Schedule 7a of the Town and Country Planning Act 1990 (as amended) and inserted by the Environment Act 2021)

Development may not be begun unless:

1. A Biodiversity Gain Plan has been submitted to the planning authority; and
2. The Local Planning Authority has approved the plan.

The Biodiversity Gain Plan must include:

- a) information about the steps taken or to be taken to minimise the adverse effect of the development on the biodiversity of the onsite habitat and any other habitat;
- b) the pre-development biodiversity value of the onsite habitat;
- c) the post-development biodiversity value of the onsite habitat;
- d) any registered offsite biodiversity gain allocated to the development and the biodiversity and the biodiversity value of that gain in relation to the development;
- e) any biodiversity credits purchased for the development; and
- f) any such other matters as the Secretary of State may by regulations specify.

In addition, under Articles 37C(2) and 37C(4) of The Town and Country Planning (Development Management Procedure) (England) Order 2015, the following specified matters are required, where development is not to proceed in phases:

- g) name and address of the person completing the Plan, and (if different) the person submitting the Plan;
- h) a description of the development and planning permission reference number (to which the plan relates);
- i) the [relevant date](#), for the purposes of calculating the pre-development biodiversity value of onsite habitats and if proposing an earlier date, the reasons for using this earlier date;
- j) [the completed biodiversity metric calculation tool\(s\)](#), stating the publication date of the tool(s), and showing the calculation of the pre-development onsite value on the [relevant date](#), and post-development biodiversity value;
- k) a description of arrangements for maintenance and monitoring of habitat enhancement to which paragraph 9(3) of Schedule 7A to the 1990 Act applies (habitat enhancement which must be maintained for at least 30 years after the development is completed);
- l) (except for onsite irreplaceable habitats) a description of how the biodiversity gain hierarchy will be followed and where to the extent any actions (in order of priority) in that hierarchy are not followed and the reason for that;
- m) pre-development and post-development plans showing the location of onsite habitat (including any irreplaceable habitat) on the [relevant date](#), and drawn to an identified scale and showing the direction of North;
- n) a description of any [irreplaceable habitat](#) on the land to which the plan relates which exist on the [relevant date](#), and any part of the development for which planning permission is granted where the onsite habitat of that part is irreplaceable habitat arrangements for compensation for any impact the development has on the biodiversity of the irreplaceable habitat; and
- o) if [habitat degradation](#) has taken place:
 - i. a statement to this effect,
 - ii. the date immediately before the degradation activity,
 - iii. the completed biodiversity tool showing the calculation of the biodiversity value of the onsite habitat on that date, and
 - iv. any available supporting evidence for the value.

INFORMATIVE 1

When calculating the post-development biodiversity value of a habitat, the Local Planning Authority can only take into account an increase in biodiversity value post-development where it is satisfied that the habitat creation or enhancements delivering the increase will be maintained for at least 30 years after the development is completed. This must be secured either by a planning condition, planning obligation, or conservation covenant

INFORMATIVE 2

The General Biodiversity Gain Condition has a separate legal basis in contrast to other planning conditions and will apply to all planning permissions, unless exempt. The General Biodiversity Gain Condition will therefore not appear on the decision notice along with the list of planning conditions imposed on the application, rather it will be referenced separately.

The General Biodiversity Gain Condition cannot be varied or removed by an application under section 73 of the Town and Country Planning Act. It also cannot be discharged as part of the grant of planning permission.

INFORMATIVE 3

A Biodiversity Net Gain Template can be found here:

<https://www.gov.uk/government/publications/biodiversity-gain-plan>

INFORMATIVE 4

The statutory deemed condition above is relevant to all major applications submitted since 12th February 2024 and to all non-major applications submitted after 2nd April 2024, unless exempt.

The onus is on the applicant/agent to notify the Local Planning Authority at developmentmanagement@barnsley.gov.uk if the application was exempt and provide the reasons for the exemption. Exemptions can be found at this link <https://www.gov.uk/guidance/biodiversity-net-gain-exempt-developments>
