

Visual Impact Photomontages

MB091074 - Mr J Williams – Jowett Hall Farm, Barnsley

The following photomontages display how the proposed turbine may appear with regards to the existing farmhouse buildings.

The images were taken from the following locations:-

It is anticipated from the move north, and as can be seen in the photomontages, the turbine will hardly be noticeable from location 1, and not visible at all from locations 2 and 3.

Images from nearby visually sensitive locations.
