

Figure 1 illustrates the relationship between time and distance for different speeds. The diagram shows four rows of data, each representing a different speed. The top row shows time in minutes and seconds (1:20, 1:100, 1:50, 1:5) and distance in millimeters (0, 200mm, 400mm, 600mm, 800mm, 1000, 1200). The second row shows time in minutes and seconds (1:100, 0) and distance in meters (1m, 2m, 3m, 4m, 5m, 6m). The third row shows time in minutes and seconds (1:50, 0) and distance in meters (1m, 2m, 3m). The bottom row shows time in minutes and seconds (1:5, 0) and distance in millimeters (100mm, 200mm, 300mm).
