Tree Preservation Orders

<https://www.barnsley.gov.uk/services/parks-and-open-spaces/tree-preservation-orders/>

We use TPOs to protect trees that have a significant visual impact on the environment, including individual trees, groups of trees, and those in defined areas or woodlands.

If you feel an important tree, group of trees or woodland is under threat, you can ask us to protect them with a TPO by writing to Development Control, Barnsley Council, Planning and Transportation, PO Box 634, Barnsley S70 6GG.

Works to trees covered by a TPO

In most circumstances, if you want to fell or prune a protected tree, you must apply for permission. Application forms are available from the [planning portal](#).

In some circumstances, we may allow pruning or removal to accommodate development, but the TPO means we can control any works and arrange new planting to replace trees that are removed.

If you deliberately damage or destroy a protected tree, you could be liable to fines of up to
