

PLANNING CONSULTATION RESPONSE

Application No	<u>2026/0327</u>
Proposal	Installation of black metal archway
Address	Armed Services Walkway, Westgate, Barnsley
Date of Consultation Reply	29/05/26
Consultee	Highways Development Control

Consultation Assessment and Justification

Thank you for consulting Highways Development Control on this application for the installation of a metal archway at Westgate.

Whilst the route is not adopted highway, it is a registered Public Right of Way. Following internal consultation with our Structures Team, it is confirmed that the proposed archway would not be classified as a highway structure and therefore would not require Technical Approval, however, further information is required in respect of the proposed fixing and foundation details, which do not appear to have been provided as part of the current submission.

There may also be a requirement for an appropriate licence to cover any oversailing elements and I would recommend that the applicant contacts the Street Works Team at the earliest opportunity to discuss this matter. The Street Works Team can be contacted on streetworks@barnsley.gov.uk or 01226 773555.

Many thanks,

Sarah Sharp
Senior Engineer
Highways Development Control
