Dear Mrs Jones,

Description: Non material amendment to planning application 2019/1013 (VIP project) to allow for reduction in TPT diversion width between Dunford Bridge car park and bridge 1

Location: Dunford Bridge Car Park, Brook Hill Lane, Dunford Bridge, Barnsley

I write regarding your application for a non-material amendment to the previously approved application (Ref: 2019/1013).

I can confirm that the amended width of the TPT Diversion as set out on plan 16866-MSE-0703-XX-DR-X-B29142 and detailed below:

- Between ch087 and ch120 the TPT diversion needs to be reduced to 4.5m wide;
- between ch120 and ch160, the maximum width of TPT-d along this section is proposed to be reduced to 4.0m;
- from ch160m to ch170 the maximum width of TPT-d along this section is proposed to be reduced to 3.5m;
- from ch170 to ch225 the maximum width of TPT-d along this section is proposed to be reduced to 3.0m;
- from ch225 to ch278 the TPT-d will be gradually widened back out to the required 5m; and:
- from ch278 to ch310 the maximum width of TPT-d along this section is proposed to be reduced to 4.0m.

are agreed as per your site meeting with Sarah Ford in May 2021. This amended drawing does not replace plan PDD-33492-LAY-038 Figure 2.1, Construction Works Boundary During Construction Phase, Sheet 3 of 5 but should be read in conjunction with it. Similarly, the

requirements of the Trans Pennine Trail Management Plan remain in place including the general width requirement of 5m, excepting as agreed by this NMA.

If you require any further information on the above, please do not hesitate to contact me.

Yours sincerely

Hannah Andrew, Senior Planning Officer (Outer Team)
