

Application for tree works: works to trees subject to a tree preservation order (TPO) and/or notification of proposed works to trees in a conservation area.
Town and Country Planning Act 1990

Publication of applications on planning authority websites.

Please note that the information provided on this application form and in supporting documents may be published on the Authority's website.

If you require any further clarification, please contact the Authority's planning department.

1. Applicant Name, Address and Contact Details

Title:	Mr	First Name:	Nicholas	Surname:	Barbrooke-Grubb
Company name:					
Street address:	27				
	Park Hollow				
	Wombwell				
Town/City:	BARNSLEY				
Country:					
Postcode:	S73 0HN				
				Telephone number:	
				Mobile number:	
				Fax number:	
				Email address:	
Are you an agent acting on behalf of the applicant? ☐ Yes ☒ No					

2. Agent Name, Address and Contact Details

No Agent details were submitted for this application

3. Trees Location

Please provide the address of the site where the tree(s) stands (full address if possible):

House:	27	Suffix:	
House name:			
Street address:	Park Hollow		
	Wombwell		
Town/City:	BARNSLEY		
Postcode:	S73 0HN		

If the location is unclear or there is not a full postal address, either describe as clearly as possible where it is (for example, 'Land to rear of 12 to 18 High Street' or 'Woodland adjoining Elm Road') or provide an Ordnance Survey grid reference:

Easting:	440376
Northing:	402784

Description:

4. Trees Ownership

Is the applicant the owner of the tree(s)?

☒ Yes ☐ No

5. What Are You Applying For?

Are you seeking consent for works to a tree(s) subject to a TPO?

☒ Yes ☐ No

Are you wishing to carry out works to tree(s) in a conservation area?

☐ Yes ☒ No

6. Tree Preservation Order Details

If you know which TPO protects the tree(s) enter its title or number below

Blanket TPO 7/93

7. Identification Of Tree(s) And Description Of Works

Please identify the tree(s) and provide a full and clear specification of the works you want to carry out. Continue on a separate sheet if necessary. You might find it useful to contact an arborist (tree surgeon) for help with defining appropriate work. Where trees are protected by a TPO, please number them as shown in the First Schedule to the TPO where this is available. Use the same numbers on your sketch plan (see guidance notes).

Please provide the following information below : tree species (and the number used on the sketch plan) and description of works. Where trees are protected by a TPO you must also provide reasons for the work and, where trees are being felled, please give your proposals for planting replacement trees (including quantity, species, position and size) or reasons for not wanting to replant.

E.g. Oak (T3) - fell because of excessive shading and low amenity value. Replant with 1 standard ash in the same place.

T1 Cherry Blossom - This tree has not been pruned in over 6 years, prior to us moving into this property (and badly at that).

Requirement - 50% reduction of each branch, cut back to branch bark collar. Slight crown lift, 30% reduction on top.

Reason - This tree is now hitting and interfering with the neighbours roof, and causing excessive overhang and shadowing in thier garden, for which we have received numerous complaints. As previously stated this tree has not been trimmed in over six years and when it was, it has been done very badly. Jamie at Earth and Tree Services has recommended this work and suggested that Mr Jowett came to see this prior to submitting planning permission, but none of my phone calls have been returned.

T2 - Cherry Blossom - This tree has not been pruned in over 6 years, prior to us moving into this property (and badly at that).

Requirement - This tree needs to be removed due to excessive decay from previous storm damage.

Reason - Excessive decay causing danger to toddlers playing in the garden. This tree has also had root damage to previous owners building dwarf walls close to tree. Jamie at Earth and Tree Services has recommended this work and suggested that Mr Jowett came to see this prior to submitting planning permission, but none of my phone calls have been returned.

T3 - Goat Willow - This tree has not been pruned in over 6 years, prior to us moving into this property (and badly at that). This tree has previously been pollarded and sprouted in all directions and now looks awful to the eye.

Requirement - Remove tree as futher pollarding will cause this unattractive tree to be even more unattractive for many more years. Further concerns regarding this tree are that it is very very close to an earth retaining wall that stands over 25ft high supporting Park Street. This tree has also suffered root damage due to dwarf walls being built very close by. Jamie at Earth and Tree Services has recommended this work and suggested that Mr Jowett came to see this prior to submitting planning permission, but none of my phone calls have been returned.

T4 - Sycamore - As per Jamie at Earth and Tree Services, this tree is too large in its current environment.

Requirement - Remove

Reason - This tree would look lovely in a park but not 6 metres from a neighbouring terrace block of houses. This tree is also overhanging cables to neighbouring nursing home. This tree is causing wall damage in our garden and a danger to my children playing in the garden. There is constant branches falling from the tree which has narrowly missed my children on multiple ocassions. Its causing me that much anguish that I am considering moving house due to this inherrent danger. Jamie at Earth and Tree Services has recommended this work and suggested that Mr Jowett came to see this prior to submitting planning permission, but none of my phone calls have been returned.

8. Trees - Additional Information

For all trees

A sketch plan clearly showing the position of trees listed in Question 7 must be provided when applying for works to trees covered by a TPO. A sketch plan is also advised when notifying the LPA of works to trees in a conservation area (see guidance notes). It would also be helpful if you provided details of any advice given on site by an LPA officer.

For works to trees covered by a TPO

Please indicate whether the reasons for carrying out the proposed works include any of the following. If so, your application must be accompanied by the necessary evidence to support your proposals. (See guidance notes for further details)

8. Trees - Additional Information

1. **Condition of the tree(s)** - e.g. it is diseased or you have fears that it might break or fall:

If YES, you are required to provide written arboricultural advice or other diagnostic information from an appropriate expert.

☒ Yes ☐ No

2. **Alleged damage to property** - e.g. subsidence or damage to drains or drives.

If YES, you are required to provide for:

☐ Yes ☒ No

Subsidence

A report by an engineer or surveyor, to include a description of damage, vegetation, monitoring data, soil, roots and repair proposals. Also a report from an arboriculturist to support the tree work proposals.

Other structural damage (e.g. drains, walls and hard surfaces)

Written technical evidence from an appropriate expert, including description of damage and possible solutions.

Documents and plans (for any tree)

Are you providing additional information in support of your application?

☐ Yes ☒ No

9. Authority Employee/Member

With respect to the Authority, I am:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

Do any of these statements apply to you?

☐ Yes ☒ No

10. Trees - Declaration

I/we hereby apply for planning permission/consent as described in this form and the accompanying plans/drawings and additional information. I/we confirm that, to the best of my/our knowledge, any facts stated are true and accurate and any opinions given are the genuine opinions of the person(s) giving them.

Date
