- 1 The granting of planning permission does not in any way infer that consent of the landowner is given. Therefore, the consent of all relevant landowners is required before proceeding with any development, including that of the Council as landowner.

If it should transpire that the applicant does not own any of the land included in this consent, then it is the responsibility of the applicant to seek all necessary consents and approvals of the landowner.

- 2 Before proceeding with the notified works, you should ensure that you have the permission of the owner, and comply with all other relevant legislation, for example it is an offence to disturb nesting birds, and bat roosts.

Please note that the Council's Pollution Control Team have a legal duty to investigate any complaints about noise, smoke or dust. No waste should be burnt. If a statutory nuisance is found to exist, they must serve an Abatement Notice under the Environmental Protection Act 1990. Failure to comply with the requirements of an Abatement Notice may result in a fine of up to £20,000 upon conviction in Magistrates' Court. It is therefore, recommended that you give serious consideration to the steps that may be required to prevent a noise, dust or smoke nuisance from being created.

Please be aware that the Council monitors construction sites and open land within the vicinity of such sites in an attempt to prevent fly tipping (i.e. unauthorised deposit of waste on land), which is illegal under the Environmental Protection Act 1990. The penalties for fly-tipping can include:

- a fine of up to £50,000 and
- up to six months imprisonment on conviction.

Therefore, if necessary, please ensure that all demolition waste and waste associated with the construction of any development is disposed of via approved methods and that documents are retained to prove this.
