Note: The Digital UK Coverage Checker is a predictive coverage database that shows the most likely TV service availability at your address - now and in the future. Note that digital terrestrial television (Freeview) coverage may vary as a result of engineering works or any frequency changes authorised by Ofcom. Always check your future reception prediction before buying TV equipment. Digital UK is not responsible for household TV reception arrangements, and cannot provide compensation for coverage variations, reception issues or TV equipment purchased. Last updated on 15 August 2013.
