

Design Proposal

The application is seeking the approval for the change of use from an office (B1) to a fish and chip take away (A5). The application site is currently vacant and has remained unoccupied since June 2016. The previous use of was a taxi office.

The plans proposed are to turn an old unoccupied run down commercial building into a thriving business. The external appearance will have a neat, modern, clean look which will improve the existing image of the shop.
