

PLANNING CONSULTATION RESPONSE

Application No	2026/0102
Proposal	Erection of front and side boundary wall 1m to 1.5m in height (Retrospective).
Address	11 Hardwick Grove, Dodworth, Barnsley, S75 3SS
Date of Consultation Reply	16 th March 2026
Consultee	Highways DC

Consultation Assessment and Justification

There appear to be discrepancies between the various submitted plans with regard to the position of the wall in relation to the existing driveway. As such, it is unclear whether the required 2m x 2m pedestrian visibility splays are to be provided at the site access. For clarity, the applicant/agent should note that the vehicular access must provide pedestrian visibility splays of 2m x 2m to the back edge of the footway. Nothing shall be erected, retained, planted and/or allowed to grow at or above a height of 0.6m to the rear of the footway which would obstruct the visibility splays; the visibility splays are measured as per the diagram below:

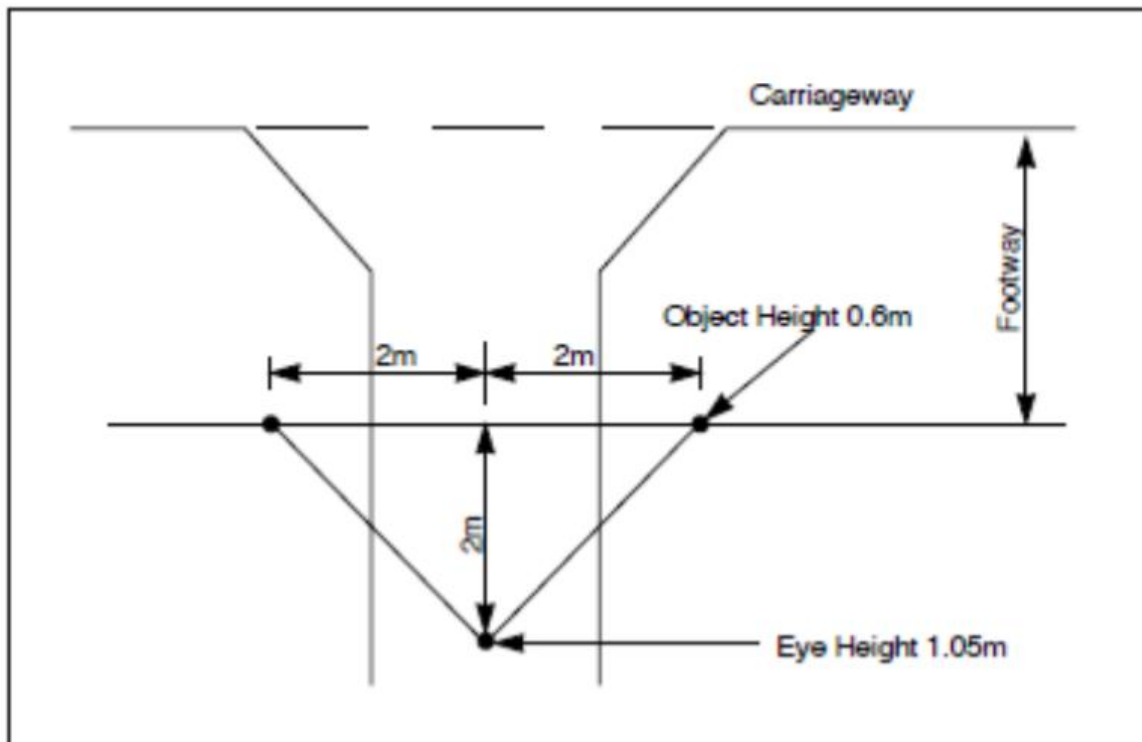

Diagram 2: Footway Visibility at access

Should the applicant wish to provide clarification regarding the above-raised issue, I shall be happy to provide further comments as necessary.

Defer for amends/further information
