3. Description of the Proposal

Please describe the proposed development including any change of use:

The intention is for a change of use from residential into premises to make and decorate celebration cakes and also incorporate a small coffee shop in the front room of the building.

The ground floor rear room (presently a kitchen) will be used as a kitchen with a counter incorporated and the front room is to be used as a seating area. The first floor existing rear room will be used as an office and consulting room for potential customers and the first floor existing front room will be used as a cake decorating space. The existing bathroom space will remain the same minus the existing bath and shower and will provide toilet and baby changing facilities for customers.

It is proposed that the outside of the building will not have any structural changes but will have a shop sign and new windows/door (sizes will remain the same but will be replaced with new).

I currently work from home as a cake decorator (registered with the relevant authorities and passed with a 5* Rating). I would like to be able to expand my services and at present this is not possible due to space restrictions.
