Each habitable room will have its own openable window - refer to drgs attached

Please provide details of any arrangements required for the storage and management of domestic waste

The black/blue/brown bins for each flat will be located at the rear of the property.

None

A flood risk assessment should accompany the application where the site:

- is in Flood Zones 2 or 3; or
- is in an area with critical drainage problems (such areas will have been notified to the Local Planning Authority by the Environment Agency).

[Check if your site location is in Flood Zone 2 or 3 online](#)

Check with your Local Planning Authority to see if your site is in an area with critical drainage problems.

Please provide details of the impacts of noise from any commercial premises on the intended occupiers of the new dwellinghouses and how these will be mitigated

The ground floor shop is a mobile phone business - hence the noise arising from the shop during normal opening hours which is 09:00-17:00 Mon-Sat is minimal. Nonetheless the floor to the first floor flats will be upgraded to meet the building regulation requirements with respect to fire and noise.
