Also include the proposal for their replacement, including any new means of structural support, and state references for the plan(s)/drawing(s).

The proposed works involve solely the removal of a modern, 20th-century non-load-bearing timber stud and plasterboard partition wall dividing Bedroom 2 and Bedroom 3. There is no replacement proposed, as the intention is to leave the space open to restore the original historic spatial proportions of the upper floor. No new means of structural support are required as the partition is non-load-bearing and does not interact with the historic roof structure.

Please refer to the following submitted documents for the location, extent, and character of the modern items being removed:

Document Reference: "Existing Floor Plan" (showing the current subdivision).

Document Reference: "Proposed Floor Plan" (showing the wall removed).

Document Reference: "Photographic Evidence Pack" (containing photographs of the modern plasterboard, modern skirting, surface junction with the historic chimney breast, and acoustic video confirming lightweight modern construction).

Document Reference: "Planning, Heritage, and Design & Access Statement".
