

GRANT OF PLANNING PERMISSION

TOWN AND COUNTRY PLANNING ACT 1990

APPLICATION NO. 2024/0507

To AA2L Ltd
85 Lundhill Road
Wombwell
Barnsley
S73 0RL

DESCRIPTION Erection of detached dwelling
LOCATION Land adjacent to 71 Tingle Bridge Lane, Hemingfield, Barnsley, S73 0NT

Permission is **granted** for the proposals which were the subject of the Application and Plans registered by the Council on 03/09/2024 and described above.

The approval is subject on compliance with the following conditions:

- 1 The development hereby permitted shall be begun before the expiration of 3 years from the date of this permission.
Reason: In order to comply with the provision of Section 91 of the Town and Country Planning Act 1990.
- 2 The development hereby approved shall be carried out strictly in accordance with the plans (Nos) and specifications as approved unless required by any other conditions in this permission.
Reason: In the interests of the visual amenities of the locality and in accordance with Local Plan Policy D1 High Quality Design and Place Making.
- 3 Upon commencement of development details of the proposed external materials shall be submitted to and approved in writing by the Local Planning Authority. The development shall be carried out in accordance with the approved details.
Reason: In the interests of the visual amenities of the locality and in accordance with Local Plan Policy D1 High Quality Design and Place Making.
- 4 Upon commencement of development a plan indicating the position of boundary treatment(s) to be erected shall be submitted to and approved in writing by the Local Planning Authority. The boundary treatment shall be completed before the dwelling is occupied. Development shall be carried out in accordance with the approved details and shall thereafter be retained.
Reason: In the interests of the visual amenities of the locality and the amenities of occupiers of adjoining property in accordance with Local Plan Policies GD1 General Development Policy and D1 High Quality Design and Place Making

- 5 During works, construction or demolition related activity shall only take place onsite between the hours of 0800 to 1800 Monday to Friday and 0900 to 1400 on Saturdays and at no time on Sundays or Bank Holidays
Reason: To reduce or remove adverse impacts on health and the quality of life, especially for people living and/or working nearby, in accordance with Local Plan Policy POLL1
- 6 The parking/manoeuvring facilities, indicated on the submitted plan, shall be surfaced in a solid bound material (i.e. not loose chippings) and made available for the manoeuvring and parking of motor vehicles prior to the development being brought into use, and shall be retained for that sole purpose at all times. Adequate measures shall be so designed into the proposed vehicular areas to avoid the discharge of surface water from the site on to the highway.
Reason: To ensure that there are adequate parking facilities to serve the development which are constructed to an acceptable standard; to ensure adequate provision for the disposal of surface water and to prevent mud/debris from being deposited on the public highway and to prevent the migration of loose material on to the public highway to the detriment of road safety and in accordance with Local Plan Policy T4 New Development and Transport Safety.
- 7 Vehicular and pedestrian gradients within the site shall not exceed 1:12.
Reason: In the interests of the safety of persons using the access and users of the highway in accordance with Local Plan Policy T4 New Development and Transport Safety.
- 8 The dwelling hereby permitted shall not be occupied until pedestrian visibility splays of 2m x 2m to the back edge of the footway have been provided at the proposed access. Nothing shall be erected, retained, planted and/or allowed to grow at or above a height of 0.6m to the rear of the footway which would obstruct the visibility splays. The visibility splays shall be maintained free of obstruction at all times thereafter for the lifetime of the development.
Reason: To ensure drivers have clear and unrestricted views of approaching pedestrians when pulling out onto the public highway, in the interest of highway safety and in accordance with Local Plan Policy T4 New Development and Transport Safety.
- 9 Any gates shall be hung so as to only open inwards and be permanently retained as such for the lifetime of the development.
Reason: To ensure the safe and unobstructed use of the adopted highway is maintained in accordance with Local Plan Policy T4 New Development and Transport Safety.

10 H4 - No development shall take place unless and until

(a) Full foul and surface water drainage details have been submitted to and approved in writing by the Local Planning Authority. Thereafter no part of the development shall be occupied or brought into use until the approved scheme has been fully implemented. The scheme shall be retained throughout the life of the development unless otherwise agreed in writing with the Local Planning Authority.

(b) Porosity tests are carried out in accordance with BRE 365, to demonstrate that the subsoil is suitable for soakaways
and

(c) Calculations based on the results of these porosity tests to prove that adequate land area is available for the construction of the soakaways are all approved in writing by the Local Planning Authority.

Reason: To ensure the proper drainage of the area

11 The development shall be carried out in accordance with the following additional biodiversity mitigation and enhancement measures. The measures listed below shall be implemented in full, prior to first occupation of the site, and full details including photographic evidence provided to the Local Planning Authority, unless otherwise agreed in writing by the Local Planning Authority; the features shall thereafter be permanently retained.

Integrated bat roosting boxes and integrated swift boxes to be installed in suitable locations within the new dwelling; and

Hedgehog highways to be installed in boundary fencing. The hedgehog highways will be signposted to prevent the resident blocking the gaps.

Reason: In the interests of biodiversity mitigation and enhancement and in accordance with Local Plan Policy BIO1: Biodiversity and Geodiversity

12 The development granted by this notice must not begin unless:

a Biodiversity Gain Plan has been submitted to the planning authority, and the planning authority has approved the plan, or

the development is exempt from the biodiversity gain condition

This permission will require the submission and approval of a Biodiversity Gain Plan before development is begun.

Reason: To ensure the development delivers a biodiversity net gain on site in accordance with Schedule 7A of the Town and Country Planning Act 1990.

- 13 The development shall not commence until a Habitat Management and Monitoring Plan (HMMP), prepared in accordance with the approved Biodiversity Gain Plan and including:
- (a) a non-technical summary;
 - b) the roles and responsibilities of the people or organisation(s) delivering the [HMMP];
 - (c) the planned habitat creation and enhancement works to create or improve habitat to achieve the biodiversity net gain in accordance with the approved Biodiversity Gain Plan;
 - (d) the management measures to maintain habitat in accordance with the approved Biodiversity Gain Plan for a period of 30 years from the completion of development; and
 - (e) the monitoring methodology and frequency in respect of the created or enhanced habitat has been submitted to, and approved in writing by, the local planning authority.

Reason: To ensure the development delivers a biodiversity net gain on site in accordance with Schedule 7A of the Town and Country Planning Act 1990.

Informative(s)

Pursuant to article 35 (2) of the Town and Country Planning (Development Management Procedure) Order 2015 (as amended), the Local Planning Authority have, where possible, made a pre-application advice service available, and otherwise actively engaged with the applicant in dealing with the application in a positive and proactive manner.

- 1 The proposed development lies within a coal mining area which may contain unrecorded coal mining related hazards. If any coal mining feature is encountered during development, this should be reported immediately to the Coal Authority on 0345 762 6848.

Further information is also available on the Coal Authority website at:
www.gov.uk/government/organisations/the-coal-authority

- 2 The granting of planning permission does not in any way infer that consent of the landowner is given. Therefore, the consent of all relevant landowners is required before proceeding with any development, including that of the Council as landowner.

If it should transpire that the applicant does not own any of the land included in this consent, then it is the responsibility of the applicant to seek all necessary consents and approvals of the landowner.

- 3 The contractor shall ensure that no vehicle leaving the development hereby permitted enters the public highway unless its wheels and chassis are clean. It should be noted that to deposit mud and debris on the public highway is an offence under provisions of the Highways Act 1980.
- 4 If a protected/priority species (such as any bat, amphibian, badger, hedgehog or any nesting bird) is discovered using a feature on site that would be affected by the development or related works all activity which might affect the species at the locality should cease. You should then seek the advice of a suitably qualified and experienced ecologist and consider the need for a licence from Natural England prior to commencing works. This action is necessary to avoid possible prosecution and ensure compliance with the Wildlife & Countryside Act 1981 (as amended), the Conservation of Habitats and Species Regulations 2017 (as amended), the Protection of Badgers Act 1992 and the Wild Mammals Act 1996. This advice note should be passed on to any persons or contractors carrying out the development/works.

Please be aware that the Council monitors construction sites and open land within the vicinity of such sites in an attempt to prevent fly tipping (i.e. unauthorised deposit of waste on land), which is illegal under the Environmental Protection Act 1990. The penalties for fly-tipping can include:

- a fine of up to £50,000 and
- up to six months imprisonment on conviction.

Therefore, if necessary, please ensure that all demolition waste and waste associated with the construction of any development is disposed of via approved methods and that documents are retained to prove this.

Signed:

Dated: 17 October 2024

A handwritten signature in black ink, consisting of a stylized, circular scribble followed by a horizontal line extending to the right.

Garry Hildersley

Head of Planning, Policy & Building Control
Growth & Sustainability Directorate

The grant of this consent does not constitute or imply permission, approval or consent by the Local Authority for any other purpose.

NOTES:-

Appeals to the Secretary of State

If you are aggrieved by the decision of the Council to grant permission for the proposed development subject to conditions then you can appeal to the Secretary of State for the Environment, Transport and Regions under Section 78 of the Town and Country Planning Act. If you want to appeal, then you must do so within six months of the date of this notice, using a form which you can get from The Planning Inspectorate, Room 3/24 Hawk Wing, Temple Quay House, 2 The Square, Temple Quay, Bristol, BS1 6PN.

The Secretary of State can allow a longer period for giving notice of an appeal, but he will not normally be prepared to use this power unless there are special circumstances which excuse the delay in giving notice of appeal. The Secretary of State need not consider an appeal if it seems to him that the Local Planning Authority could not have granted planning permission for the proposed development or could not have granted it without the conditions it imposed, having regard to the statutory requirements, to the provisions of the development order and to any directions given under the order. In practice, the Secretary of State does not refuse to consider appeals solely because the Local Planning Authority based its decision on a direction given by him.

Purchase Notices

If either the Local Planning Authority or the Secretary of State for the Environment, Transport and Regions refuses permission to develop land or grants it subject to conditions, the owner may claim that he can neither put the land to a reasonably beneficial use in its existing state nor can he render the land capable of a reasonably beneficial use by the carrying out of any development which has been or would be permitted. In these circumstances, the owner may serve a purchase notice on the Council in whose area the land is situated. This notice will require the Council to purchase his interest in the land in accordance with the provisions of part VI of the Town and Country Planning Act 1990.

Compensation

In certain circumstances compensation may be claimed from the Local Planning Authority if permission is refused or granted subject to conditions by the Secretary of State on appeal or on reference to the application to him. These circumstances are set out in Sections 114 and related provisions of the Town and Country Planning Act 1990.
