Customise Hartwood Overlap Pent Large Outdoor Store

Step 1: Base Option

All garden buildings must be placed on a solid and level foundation. A suitable base will keep the product away from direct contact with the ground, prolonging its life and ensuring that the building remains in the best condition.

Please see our available **DIY** and **Supply & Fit** options for this product below.

☐ [Slabbed Base Preparation Service](#) ?

+ £679

Note: Installation of a base is not included with our home installation service unless otherwise stated. A suitable base must be in situ before any installation takes place.

Description

The Hartwood Pressure Treated Overlap Apex Tall Garden Store has a roof height of just under six feet, making it perfect for keeping long handled gardening tools, children's toys or folding furniture neat and tidy. The store can be situated near a back door or will look great on a patio.

Order online or call

0345 034 6481

lines open Mon-Fri 9am-5pm

The traditional design features certified sustainably sourced overlap timber boards and Shiplap Tongue & Groove front panels with double doors. The timber is pressure treated to protect it from the elements and comes with a 15 Years anti-rot guarantee. The felted roof keeps the unit weatherproof and finished with smooth-planed barge boards. The floor is mounted on pressure treated bearers to keep it off the ground and dry.

The plate hasp and staple fastening allows the store to be kept secure with the additional use of a padlock. Hidden door hinges also provide additional security.

Made from timber that is dip treated and guaranteed against rot for 10 years, provided that the shed is isolated from ground contact and is regularly retreated with timber preservative.

Delivery Information

We aim to deliver all products as soon as possible. Please check individual product pages for delivery lead times and services associated with each product in your order. Below is an outline of the services we offer on Hartwood products.

Standard Delivery

Following your order being placed we will contact you via SMS or email (both methods are used if supplied) to offer you a delivery date. Simply follow the instructions provided to confirm or change your delivery date. A date will be automatically selected if not confirmed within 2 days of receiving an offer. During busy periods deliveries may take a little longer than the suggested lead time, however we always work hard to keep delays to a minimum.

We will contact you the day before your delivery date by SMS with a three hour delivery time slot. We aim to meet these delivery times but delays may still occur. You will also receive a phone call from our driver 30 minutes before they arrive.

Lead times for standard services are stated at the top of the page and may be extended depending on location and circumstances. Upgraded services may also result in a longer lead time.

Log Cabins

Due to the large size of Log Cabins, deliveries have to be made on larger vehicles such as a HIAB truck. Log Cabins come flat packed on a number of pallets and are delivered to the kerbside, driveway or front garden. We will ensure that your order is delivered to the nearest point to your property that is adjacent to the roadway, subject to it being legal for us to park and clear of obstructions. We would suggest that if a fire engine can access the delivery point then so can our vehicle.

Please Note: Deliveries of Log Cabins or large items may incur an additional delivery fee.

Pick a Day Delivery

We offer a pick a day delivery service on a wide range of our garden buildings and other products, simply enter your delivery postcode to see all the available delivery dates for your area and choose the one that best suits you. This service is for selected products, and will be highlighted on all qualifying products under the delivery section.

We will contact you the day before your delivery date by SMS with a two hour delivery time slot. We aim to meet these delivery times but delays may still occur. You will also receive a phone call from our driver 30 minutes before they arrive.

Pick a day delivery is subject to availability. Postcode must match your delivery address, otherwise the delivery date may not be available. Pick a Day delivery on orders placed through finance are also not available and are subject to credit checks, which are outside our control. In such cases you will be contacted to rearrange delivery. Terms & Conditions apply.

Installation Service

Installation is available on many of our products for most UK postcodes and the service varies depending on the product. If home installation is selected, you will be contacted by the installations team to arrange an installation date. This service will normally be booked in between 14-21 working days after your order has been delivered. This is to ensure that you have fully inspected the product and are happy to proceed. In busy periods this lead-time may increase.

Delivery FAQ

Do I need to be home for my Delivery?

No, you do not need to be home for your delivery. All we ask is that you let us know via email or signed note to let us know that you will not be present for the delivery. In the note please let us know where a suitable place would be to leave the building. Our delivery drivers are NOT allowed to place your shed in your back gardens even if the gate is left open.

Will I need to help my delivery driver?

Our drivers DO NOT need your help during a delivery. They will not ask for your help and they can manage all the items themselves. We are not insured to cover any customer injuries and therefore we ask you NOT to help or try and help our drivers while they make a delivery.

My house has a restricted access, what do I do?

Our drivers are only contracted to provide kerbside drop offs and deliveries. They will NOT bring any of our orders through your home. A driver may offer to take an order further; for instance a back garden but this is ONLY at their own discretion. If you have any questions about access or you live in a restricted access zone please contact us prior to ordering.

My Order Has Not Been Delivered, What Should I Do?

We deliver between 7am and 7pm. If your order has not been delivered when expected please [click here](#).

Please Note: Additional items such as the plastic shed bases, security locks and shelving may be delivered separately on a different day to your main product. If you have ordered multiple products in one order then you are likely to receive multiple deliveries.

All images are for illustrative purposes only. All dimensions are approximate and may vary with manufacturers tolerances. Dimensions contained within product names are approximate, for guidance purposes only. Unless otherwise stated, all measurements are overall including roof overhangs where applicable.

- ★ Free delivery is available to most UK postcodes. Postcodes that qualify for free delivery are always determined by our trusted couriers and any additional charges will be stated at the checkout. Our 'Pick A Day' service is for selected products only and will be highlighted on all qualifying products under the delivery section.
- ◆ Pick a day delivery is subject to availability. Postcode must match your delivery address, otherwise the delivery date may not be available. Pick a Day delivery is not available when Home installation is selected, you will be contacted by the installations team to arrange delivery and installation dates. Pick a Day delivery on orders placed through finance are also not available and are subject to credit checks, which are outside our control. In such cases you will be contacted to rearrange delivery. Terms & Conditions apply.
