PLANNING APPLICATE MAIL ROOM

© This drawing and the building works depicted are the copyright of RPS and may not be reproduced or amended except by written permission. No liability will be accepted for amendments made by other persons.

The Contractor is to check and verify all building and site dimensions, levels and sewer invert levels at connection points before work starts. The Contractor is to comply in all respects with current Building Legislation, British Standard Specifications, Building Regulations, Construction (Design & Management) Regulations, Party Wall Act, etc. whether or not specifically stated on this drawing. This drawing must be read with and checked against all relevant Engineers and Architects drawings and all other specialist documentation provided.

This drawing is not intended to show details of ground conditions or ground contaminants. *Each area of ground relied upon to support any structure depicted* (including drainage) must be investigated by the Contractor. Any suspect or fluid ground, contaminates on or within the ground, should be further investigated by a suitable expert.

Sketch proposals are for illustrative purposes only & as such are subject to detailed site investigation including ground conditions / contaminants, drainage, design & planning / density negotiations. Sketch proposals may be based upon enlargements of OS sheets & visual estimations of existing site features, accuracy will therefore need to be verified by survey. Sketch proposals have not been considered in respect of CDM Regulations.

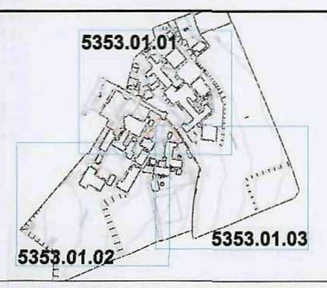

Do not scale. Work to given dimensions only.

This drawing is a single service drawing showing the concept design that has been co-ordinated with the structure and other building services installations. This drawing is not a co-ordinated working/installation drawing and should not be used as such. Any contractor using this drawing as a working/installation drawing does so at his own risk.

Legend

- Tree Position with Canopy Spread plus BS5837 Category A1, A2 or A3
- Tree Position with Canopy Spread plus BS5837 Category B1, B2 or B3
- Tree Position with Canopy Spread plus BS5837 Category C1, C2 or C3
- Tree Position with Canopy Spread plus BS5837 Category R
- Young Tree Position - Stem Diameter <75mm
- 202 — Tree / Group Number
- Root Protection Area - Based on Simple Radius from Tree
- Tree canopy Ultimate Spread
- Tree Group BS5837 Category A
- Tree Group BS5837 Category B
- Tree Group BS5837 Category C
