Subject: Objection to Planning Application at Park Grove Barnsley.

Dear Cllr's Mrs Donna Green and Mr Kevin Williams.

I wish to register my objection to the application ref 2016/0623 which is to convert the family houses at 118 and 132 Park Grove Barnsley into a business venture of splitting these family houses into flats of 6 or more individual dwellings.

This has never been the purpose of these family houses. Cramming people of 6 different unrelated groups into one house on Park Grove can only cause congestion and may lead to unsociable disorder.

If a business venture of this nature is envisaged to create more accommodation then a much better solution would be to build purpose made flats or houses on brown site land in a purposely planned situation.

Would you please register my objection.

Regards
Trevor Fox. 146 Park Grove. S70 1QG.
