Good afternoon,
I would recommend you submit one full planning application for the entire scheme including the air source heat pump as that would require planning permission on its own. You will also need to provide a noise survey to support this. There should be no major issues with the renovation works providing its like for like.
Kind regards
Authority Employee/Member
With respect to the Authority, is the applicant and/or agent one of the following: (a) a member of staff (b) an elected member (c) related to a member of staff (d) related to an elected member
It is an important principle of decision-making that the process is open and transparent.
For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
Do any of the above statements apply?
If yes, please provide details of their name, role, and how they are related:
