10 February 2009

Dear Matthew

**EDWARDS WASTE MANAGEMENT, LIDGET LANE INDUSTRIAL ESTATE, THURNSCOE**

Further to our telephone conversation yesterday, I now attach 3no. copy extracts from the EA's website confirming that the application site is outside any flood zones.

As discussed and confirmed in the Planning Statement which forms part of the application, site operations are proposed to be carried out inside the existing buildings. While no noise measurements have been carried out, officers' site visit will confirm that the operations generate no more noise than other industrial processes undertaken on the wider industrial estate. Furthermore I note that no complaints have been made to the Local Authority since the Applicants commenced on site in 2006.

Yours sincerely

**Bradley Stankler**
