Dear Sir/Madam

TOWN AND COUNTRY PLANNING GENERAL DEVELOPMENT ORDER SCHEDULE 2, PARTS 6 & 7, PRIOR NOTIFICATION PROCEDURE

APPLICATION NO: 2012/0771
DESCRIPTION: Erection of single span polytunnel & steel shipping container. (Prior Notification)
LOCATION: Land to east of Hollin Moor View, Thurgoland, Barnsley

Following consideration of the above mentioned proposal I would inform you that I require a formal submission of details. These details should include an accurate site plan at a scale of 1:500 or similar and also detailed drawings showing the proposal. Where a building is involved, scaled drawings showing the design, external appearance and materials to be used will be necessary, together with details of any landscaping proposals. Where excavation or other engineering operations are involved, scale drawings should be produced showing the extent, location, design and purpose of such operations together with a brief with a brief description of the operations involved, disposal of or storage of unsuitable materials and site restoration measures.

You must also display a Site Notice on or near the site, which should be visible and legible to anyone passing by without the need to enter the site to be read. A large site , bounded by several roads or footpaths, or with more than one frontage will normally require more than one notice. The Site Notice must be kept in place for twenty-one (21) days. At the end of this period you should confirm in writing that the notice has been displayed as required for twenty-one (21) days.

If you wish to discuss the matter further, prior to submitting the drawings, please contact the officer named above.

Yours faithfully

Stephen Moralee
