Catergory: AREA OF TREES

Description: AREA OF MIXED DECIDUOUS TREES. SEE AMENDMENT ORDER, 1960.

Location GUNTHWAITE AREA

Tree Implications Assessment

Having regard to BS5837:2012, the proposed modest side extension at The Silvermine, Mill Farm, Gunthwaite has been considered in arboricultural terms and is not expected to result in any direct or indirect impact on the retained protected trees. The proposed footprint would be sited in excess of 5.4m from the identified root protection areas, as indicated on the ADP tree assessment plan, and accordingly no incursion into the root protection areas, nor any adverse effect on the physiological condition, structural stability or amenity value of the retained trees, is anticipated.

This drawing has been prepared specifically for the purpose of obtaining Planning Permission and/or Building Regulation Approval. Its suitability for other purposes, without supplementary details and specifications cannot be guaranteed. The Permissions and/or Approvals are beyond the Architects control, and no guarantee that such will be granted is given or to be inferred by reason of the preparation of this drawing. Only figured dimensions are to be used. All dimensions to be checked on site. This drawing together with the design is the property and copyright of the Architect and must not be reproduced without prior written permission.
