Dear Joe

Re: Application 2011/0035 Watts and Associates Barkston Road Carlton

I refer to our discussions this afternoon and enclose for your attention 4 copies of the proposed landscaping works to this site.

You will note from the covering correspondence from Grass Roots that the proposals are virtually the same as those submitted in draft last week with the planning application.

I trust that the above now completes the application and if you have any queries arising from any part of the submitted details please do not hesitate to call.

Yours sincerely

Bob Greenwood I Eng FIHE

Dear Bob,

Re: Barkston Road, Barnsley

Further to our recent telephone conversations, please find enclosed 5 copies of drawing no. GR/01/11/01, showing the soft landscape proposals, for the above site. The proposals are virtually the same as those shown on the A4 sketch, apart from an addition of hawthorn hedge planting along the unfenced north eastern boundary of the site. I trust that this is acceptable.

I understand that you will be forwarding a copy to the client and submitting the enclosed to the local planning authority to support the client's planning application. If you have any queries please do not hesitate to contact me.

With kind regards

Maggie Elliott
